Parkinson Retained as Consulting Engineer

Council Will Act On Annexation At Called Session

City Council agreed Wednesday night to act on annexation ordinance at a called session and employed City Manager James F. Parkinson as consulting engineer in its pending sewage plant expansion and storm sewer construction program.

Parkinson, who will retire from the managership Oct. 1, is to be paid not more than \$300 per month for his services and will bill Council for his time.

He plans to move to Columbus soon after leaving his present post but he had indicated when he announced his retirement that he will

do consultant work for cities anywhere in Ohio.

J. David Foell, who will replace Parkinson as city manager at a salary of \$450 per month, was present in the chamber as Council gave final approval to the ordinance employing him for the job. Foell, who will report Monday as Parkinson's assistant until Oct. 1, is not an engineer.

Parkinson's present salary as manager is approximately \$753 per month.

COUNCIL STUDIED a number of aspects of the annexation picture at an informal session following the regular meeting but reached no firm decision. Several matters remain to be ironed out before the annexation ordinance is put in final form.

City Solicitor William M. Junk was asked to prepare the framework of an annexation ordinance for submission to county commissioners. The description of the area sought for annexation will be filled in and a plat to accompany the ordinance will be drawn up and approved at the special session which is to be called as soon as the ordinance framework is drawn.

Once an ordinance, containing a description and plat, is approved, it will be handed to commissioners with a request that the proposal be placed on the Union Township ballot. It may be put before the voters at an election occurring 30 days after Council action.

FOR DISCUSSION purposes councilmen have been viewing the

Ike To Detail Far East Policy

President To Be Heard On TV Tonight at 9

WASHINGTON (AP) — President Eisenhower goes on nationwide radio-TV tonight to seek more support among the peoples of America and the free world for his Far East policies.

Presidential Press Secretary James C. Hagerty told newsmen at Eisenhower's Newport, R.I., summer headquarters that the President would make a major address from the White House at 9 p.m. (EST).

It will be carried live over ABC television and major radio networks, with NBC and CBS television carrying delayed telecasts at 10:15 p.m. (EST).

Hagerty said Eisenhower decided to make the talk after consulting by telephone with Secretary of State Dulles. He said the President would return to Newport Friday morning.

Two events Tuesday apparently supported what Dulles' public affairs advisers have been telling him: the U.S. public and the allies were not comprehending the why and whereof of the China crisis.

Those events were Dulles' 45-minute news conference Tuesday morning and his hour-long conference Tuesday afternoon with Australian Ambassador Robert G. Casey.

Eddie-Debbie Split Blamed On that Liz Taylor Woman

HOLLYWOOD (AP) — Debbie Reynolds and Eddie Fisher have separated although Debbie says, "I'm still in love with my husband."

They split up Wednesday as Hollywood reverberated with rumors that Elizabeth Taylor was the cause of it all.

But Liz indicated there were some unhappy chapters in Hollywood's storybook marriage.

"I don't feel that I've taken Eddie away from Debbie—because they weren't getting along, anyway," said Miss Taylor.

She slipped into seclusion. Eddie moved in with a friend, comedian Joey Forman. Debbie, after hiding out with friends, returned to the family home.

"I am still in love with my husband," she told newsmen late Wednesday night. "I am deeply shocked over what has happened."

Reporters asked her about Miss Taylor's comment.

"We were never happier than we have been in the last year," said Miss Reynolds. "I've tried to call Miss Taylor several times in the last two days—but I haven't been able to reach her."

Debbie said the separation wasn't her idea.

U. S.-Escorted Convoy Forced Back by Reds

Chinese Shore Guns Pound Unloading Area As Yanks Stand By

TAIPEI, Formosa (AP)—Chinese Nationalist supply ships, convoyed by American warships, reached Quemoy beach today but were forced back by a heavy Red artillery barrage before they could unload the bulk of their cargo.

Associated Press correspondent Gene Kramer, in a dispatch from Quemoy off the Red mainland, said an "intense saturation shelling" forced two supply ships to withdraw after they had unloaded only a few supplies for the beleaguered Nationalist garrison.

American warships stood off at a distance, he said.

The Nationalist Defense Ministry said earlier that the supply ships had returned undamaged to their Pescadore base after unloading.

This was the first attempt to run supplies to the garrison since Monday, when Communist artillery fire blew up an ammunition ship on the Quemoy beach and forced another to retreat after losing most of its cargo.

Stormy weather prevented the dispatch of convoys on Tuesday and Wednesday.

The Red artillery opened up at the appearance of the convoy today after being silent 21 hours.

The American ships convoyed the desperately needed supplies through the international waters of the Formosa Strait for the first time on Sunday. That time there was no Red opposition.

The second supply convoy was Monday. Communist artillery blew up a Nationalist ammunition ship on the beach. The other landing barge backed off and lost most of its supplies.

The U.S. command on Formosa announced that American jet pilots have begun taking an active part in the defense of Formosa itself.

A spokesman said American air units are now in position at bases here and "have assumed full alert responsibilities for nighttime defense of Taiwan (Formosa)."

That means the planes stand on runways, fully armed and warmed up. American pilots in combat flight suits are ready to take off.

First Fall Fire Is Too Sweet

BOISE, Idaho (AP) — Mrs. Charles O. Brady built the first fire of the season in the fireplace Wednesday. The heat melted honey from a beehive in the chimney. It dripped down and a swarm of angry bees followed. Firemen plugged the chimney to keep the bees out of the house but no one quite knew how to get them out of the chimney.

(Please Turn to Page Two)

Kids, Be Careful Of Missileman

WASHINGTON (AP) — An Army missile expert is getting jittery over his fan mail from juvenile rocket enthusiasts. He's afraid he may get blown up.

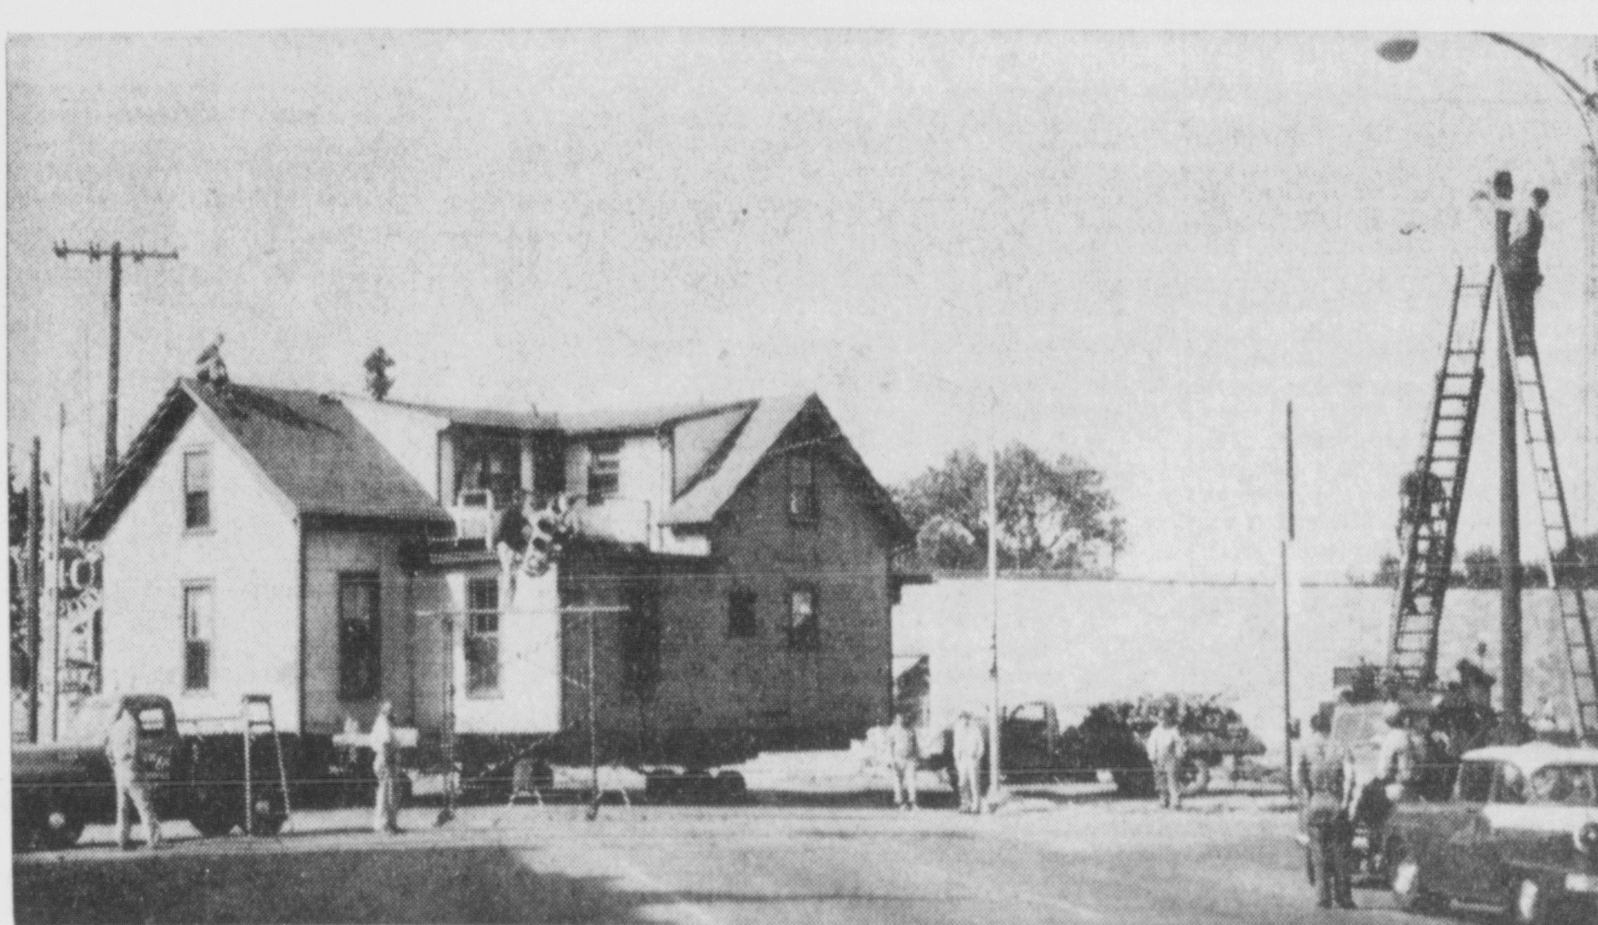

The trouble, says Lt. Col. Charles M. Parkin, is that some of the kids "think nothing of tucking into their letters enough solid rocket fuel to render me to no service whatsoever to anybody."

His appeal to the youngsters: Please omit fuel samples.

After Dr. Hay announced that D. Robert Jones, fair manager, would perform Dotson's former duties as concessions chief, there was some speculation that the way was being paved for Jones to become assistant fair manager and someone else to become fair manager.

As director he appoints the fair manager. In the past the agriculture director on some occasions also has been the fair manager.

Democratic strategists say that if the trend of their increased pri-

'House on the Loose' Blocks Court St. Temporarily

MAYBE THE OLD SOLOMON JOHNSON RESIDENCE will at last get a final resting place. It was moved again Thursday morning, the second time in 50 years, from its location on Hinde St., to the northwest corner of Ohio Ave., and Main St. The house was first built for a foundation on W. Court St. The above picture shows the 30-by-40 foot structure being moved across Court St., south on Hinde, to Ohio Ave. The Dayton Power & Light (at right in

picture and the Ohio Bell Telephone companies went ahead of the house to lower wires and cables. The traffic light center at Court and Hinde had to be taken down by the E. O. Snyder Electric Co. Morris House Movers of Dayton did the transporting. The house was moved to make way for a new service station that will be built on the corner of Hinde and Court. Traffic was curtailed all along the route.

Some Real or Fancied Grievance

Boy, 8, Admits Slaying His Parents

NEW YORK (AP) — Melvin Nimer Jr., a blond 8-year-old with a crew-cut, says he plotted the murder of his parents—and carried it out with a kitchen knife while they slept.

His calmly told story fits the facts of the bloody Staten Island

stabbing originally attributed to white-masked intruder.

But the district attorney emphasized that there is still much to be explained about the Sept. 2 murders and that Melvin has not been arrested.

A psychiatric report on the child

indicated he has a persecution complex and a personality compatible with the commission of violence.

The boy's uncle, Dr. Harold Nimer, said he does not believe the confession to the murders of Dr. Melvin Nimer and his pretty

brunette wife Lore Jean, both 31.

A source close to the investigation quoted the uncle as saying the boy had recanted after making a similar confession to him.

The boy's confession was obtained by Dist. Atty. John M. Braisted of Richmond County last Saturday, but was not disclosed until late Wednesday night.

In the meantime, the calm, dry-eyed youngster flew to Utah and attended his parents' funeral—apparently never indicating that he had confessed.

Braisted said Melvin—taken to the house of death Wednesday night—"indicated to us the manner in which his parents were murdered."

No matter what the final findings in the case may be, the boy could not be charged with homicide because of his age.

Braisted said young Melvin told him:

That he plotted the murders days in advance—apparently aggrieved by some real or fancied actions of his parents. Braisted declined to say just what the grievances were.

That he seized a knife from the kitchen, walked upstairs to the parents' bedroom, and stabbed his father first, then his mother.

That his father somehow staggered to his feet and chased him downstairs, then collapsed there—where police found him.

That he washed off the knife and replaced it in the kitchen.

Lancasterite Named

CINCINNATI (AP) — Jack Cherry, sports editor of the Lancaster Eagle-Gazette, has been named athletic publicity director for Xavier University here.

Convicted Rapist To Appeal Sentence

Joseph Earl Gardner, 27-year-old Washington C. H. resident who was sentenced to a life term in the Ohio Penitentiary last week after he had been convicted of raping his 10-year-old step daughter, has through counsel, filed notice of appeal to the Second District Appellate Court.

Gardner, committed to prison shortly after Judge John P. Case pronounced sentence, has since employed Charles E. Carter, Springfield, to represent him.

William A. Lovell, Washington C. H., acted as his attorney during the jury trial on appointment of the court.

The appeal will be made on questions of law.

A REQUEST to free Gardner from the Penitentiary on bond was denied by the Court of Appeals at Dayton Wednesday on the basis of other court decisions holding that persons sentenced to life terms are not eligible for release on bond.

Gardner's counsel had suggested that \$2,500 would be reasonable bond figure.

Fayette County Prosecutor Rollo M. Marchant, who represented the state in the trial here, appeared to voice his objection to the request.

Democrats Increase Optimism On Gains Coming at Elections

WASHINGTON (AP) — Democrats raised their estimates of Senate gains today on the strength of surprising party turnouts at the polls in half a dozen states.

On top of their impressive sweep in Maine's general election Monday, Democrats rolled up greater vote totals than the Republicans in Tuesday primaries in Minnesota, Wisconsin and Utah. This followed an earlier primary trend in such states as California and Ohio.

On the basis of these showings, chairman George A. Smathers (D-Fla.) of the Democratic Senatorial Campaign Committee said he is forecasting a minimum gain to 10 party seats in the Senate. Democrats now outnumber Republicans there 49-47.

Of the 20 Republican seats at stake in November, 12 were won by GOP candidates by less than 5 per cent vote margins in the 1952 Eisenhower landslide. One in Maine, which the GOP won handily then, already has been lost to the Democrats.

Democratic strategists say that if the trend of their increased pri-

mary strength carries through to November, they have a good chance of knocking off Republicans in the 1952 marginal states of Arizona, Connecticut, Delaware, Indiana, Maryland, Michigan, Nevada, Ohio, Pennsylvania, Utah, Wisconsin and Wyoming.

Democrats class two Republican seats in West Virginia in this group also. One of them is held by GOP Sen. Chapman Revercomb, elected in 1956 to fill out the unexpired term of the late Democratic Sen. Harley M. Kilgore. GOP Sen. John D. Hobbitt Jr. was appointed to the other after the death of Democrat Matthew M. Neely.

To this list Democrats have added California and Minnesota, where they outpolled the GOP in the primaries. They are hopeful about New York and New Jersey.

On the other hand, Republicans have slim pickings from among the 13 Democratic seats that go on the block, although they are optimistic about adding a couple in Alaska when it becomes the 49th state.

Democratic strategists say that if the trend of their increased pri-

Second Round Starts Before High Tribunal

Big Question Now Is: How Soon Must South Abandon Segregation

WASHINGTON (AP) — For the second time in two weeks, the Supreme Court convened in extraordinary session today for argument on the great issue racking much of the south—the removal of racial barriers in public schools.

The question was how fast the southern states must move in throwing over generations-long customs of school segregation to comply with the court's 1954 decision that separation of White and Negro school children is unconstitutional.

The precise legal issue is a narrow one—whether a plan of integration, once in operation, may lawfully be suspended because of popular opposition to it. But the impact of the court's ruling is certain to be far reaching.

Specifically, the court will determine whether Little Rock's Central High School must readmit Negro students, whose attendance there last year brought on violence and the subsequent use of troops.

But the decision, whatever it is, will throw out guidelines to federal district judges grappling elsewhere with the vexing problem of applying the high court's 1955 command for "all deliberate speed" in integrating schools.

Any delay for Little Rock could mean more time for other areas of the Southland in their bitter stand against having Negroes and whites go to school together.

But a ruling that Little Rock is not entitled to suspend its integration program until January 1961 would be the signal for district judges in other areas to take a firmer stand on integration orders. Several judges have withheld final orders until the court rules.

There was no indication how soon the Supreme Court would rule, but a decision was generally expected by the weekend. The Little Rock school is scheduled to open Monday, and the court called its second extraordinary session in two weeks to hear the case in advance of that time.

Actually, the court already has heard—and read in legal briefs—substantially what the opposing lawyers prepared to say today.

Two weeks ago the court heard the plea of the National Assn. for the Advancement of Colored People for quick removal of legal barriers to the immediate resumption of integration in Central High.

The new litigation started during the summer, when Federal Dist. (Please Turn to Page Two)

News Briefs

AKRON, Ohio (AP) — A frost warning from the Akron-Canton area, the earliest in several years, was issued today by the Weather Bureau at the Akron-Canton Airport.

OZARK, Ark. (AP) — A Negro pupil at Ozark High School said today that she and two other Negro girls were told not to return to classes after 10 white boys and girls tried to attack them during the lunch hour Tuesday.

WASHINGTON (AP) — The United States and Britain today agreed on Geneva as the site of a Big Three conference on suspending nuclear weapons tests.

WASHINGTON (AP) — Secretary of Defense McElroy has ordered a damper on Army-Air Force feuding over whose anti-aircraft missile is the better.

TOKYO (AP) — Japanese police began questioning A.S.C. Petco, E. Longpre today after the U.S. Air Force ruled Japan can try him for fatally shooting a Japanese youth.

NEWPORT, R.I. (AP) — President Eisenhower today accepted the resignation of Maxwell H. Gluck as ambassador to Ceylon, effective about Oct. 1.

COLUMBUS, Ohio (AP)—Ohio's surplus shrank nearly five million dollars during the month of August, Gov. C. William O'Neill reported today.

The 28-million-dollar cash balance on July 31 stood at slightly more than 33½ millions at the end of August.

More Marines To Sail Home

10,000 GIs May Stay In Lebanon a While

BEIRUT, Lebanon (AP)—A second battalion of U.S. Marines will sail home from Lebanon next week, but retiring President Camille Chamoun says the remaining 10,000 American troops may stay here until the end of October.

The 1,700-man battalion will begin boarding ships Monday. They will sail for the East Coast Sept. 19. The Defense Department in Washington said the battalion's place at sea with the 6th Fleet will be taken by about 1,900 men of the 6th Marine Regiment now loading at Morehead City, N.C.

Adm. James L. Holloway, commander of U.S. forces in Lebanon, gave no indication that withdrawal of more American troops was imminent. Holloway has been in frequent conference lately with Chamoun and the man who will succeed him as president Sept. 24, Gen. Fuad Chehab.

The admiral reaffirmed U.S. declarations that the troops would remain in this little Middle East nation "only so long as desired by the Lebanese government." They landed in July at Chamoun's request after two months of rebellion against Chamoun by adherents of President Gamal Abdel Nasser of the United Arab Republic and the overthrow of the pro-Western government in nearby Iraq.

Possibly by design, the partial withdrawal will begin as the U.N. General Assembly opens its regular session next Tuesday. The United States pulled out one Marine battalion Aug. 14-15, at the beginning of an emergency Assembly session which asked Secretary General Dag Hammarskjöld to facilitate withdrawal of the U.S. troops and of British forces from Jordan.

State Probes Soldiers Home At Sandusky

COLUMBUS, Ohio (AP)—The state highway patrol today opened an investigation of reported irregularities at the Ohio Soldiers and Sailors Home at Sandusky.

Gov. C. William O'Neill told newsmen that Col. Fred Moritz, patrol superintendent, is directing the investigation.

"They will make a thorough investigation of the home," O'Neill said. "There also is an audit in process," he added.

The patrol, which has police powers on state property, was ordered to the home about the time the Veterans of Foreign Wars and other organizations called for an inquiry. A VFW committee headed by John Frye of Lorain, senior vice commander, plans to visit the home Monday.

The governor said he has not received affidavits reported mailed by two Dayton veterans complaining of pilfering and work conditions at the home. O'Neill also said he had not talked with Maj. John W. Parker, home commandant.

Parker recently was criticized by trustees of the home for accepting contributions from inmates to help finance a convention at Sandusky of commandants from other states. Parker said later the money was returned. Parker is answerable to trustees for his administration of the home.

Van Wert Radio Ok'd

WASHINGTON (AP)—The Communications Commission has granted a new station application to the Van Wert Broadcasting Co., 1220 kilocycles, 250 watts, daytime.

Bloomington News

By Mrs. Harry Locke

The report of Weather Observer Larry Huff indicates that the first week of September produced .60 inches of precipitation which is .82 less than that of the previous week.

The maximum temperature for the week ranged higher than the previous week with a maximum of 90 degrees on Sept. 4. The minimum temperature was 56 on Sept. 3.

The barometric pressure rose to a high of 30.43 on Sept. 5. This according to Huff, sets a new record for the past year.

The highest relative humidity recorded was 91 per cent on Sept. 5. The total precipitation for the year now stands at 24.38.

SCHOOL IN FULL SWING

The Bloomington school opened with an estimated enrollment of 415. A new traffic light has been installed near the school and will add much to the safety of the children. A school patrol also has been organized.

Improvements have been under way at the school building during the vacation months and under the direction of the custodian, Loren Foster. The hallway and basement were recently painted, and other necessary improvements made.

The grade school teachers have all returned. They are Mrs. Lewis Parrett, first grade; Mrs. Mary Foster, second grade; Mrs. Dale Murray, fourth; Mrs. Nellie Mossbarger, fifth; Mrs. G. B. Vance, sixth; Mrs. John Cannon is a substitute teacher. Third graders attend the Marion School.

Mr. Robert Von Alefeldt comes to the high school from New York and is a graduate of Fordham University. Kenneth Craig also a member of the high school staff, formerly was superintendent of the New Holland schools.

Malcom Kelley is the seventh grade home room teacher. Other faculty members are Mrs. Harry Craig, Mrs. J. R. Burton and Mrs. Gilbert Biddle. Robert Sabin has resumed his duties as music instructor and Everett Rudolph as coach.

Gilbert Biddle is principal. The school cafeteria was open the first day Mrs. Biddle prepares the school menus and the cooks this year are Mrs. Joe Elliott, Mrs. Welsh, Mrs. Loren Foster is custodian. Mrs. Lorin Foster is custodian of the gym.

From Marion school sixth, seventh and eighth graders are attending here this season.

Improvement of the playground equipment was sponsored by the Lions Club, and the work was completed by the members who have installed a tennis court, basketball, volleyball and horseshoes facilities. The court and ball diamond has been black topped and sealed. The school bus drivers are Harry Butcher, Newt Butcher, Merle Butcher, Glen Watkins and Paul Smith.

PERSONALS

Mr. and Mrs. Gilbert Biddle and Jack Biddle entertained with a picnic supper Sunday evening for Mr. and Mrs. Frank Truitt and children, Jean, Nancy, and Susan from, Columbus. Mr. Truitt, a former coach here, has accepted a position as freshman coach at Ohio State University.

Recent guests at the home of Mrs. Zoe Garringer and Miss Olive Swope were Mr. and Mrs. Willis Mason and children, Gary and Melanie, Findlay, and Misses Judy and Elaine Garringer, Washington C. H. Other recent callers were Mrs. Frank Lanum, Washington C. H. and Mr. and Mrs. Walter Miller, Yellow Springs.

Unimpressive Performance

MANSFIELD, Ohio (AP)—It was an unusual arrangement, all right, and it was done to impress two girl friends in the car, two teenage boys told the judge.

But the girls said they weren't impressed, and neither was the judge.

The youths were observed by a state highway patrolman as they drove 70 m. p. h. toward Mansfield on U. S. 308. One boy, 18, was in the back seat, leaning over the front seat and driving. His companion, 17, was on the right side of the front seat and operating the gas pedal.

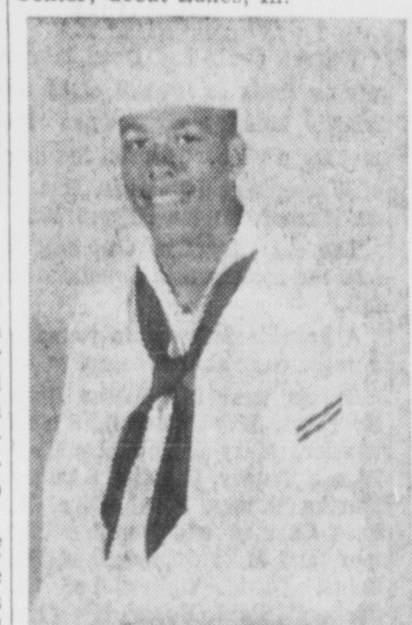

Before suspending their driver's licenses, the judge asked, "Who was operating the brakes?"

The youth forgot to arrange for that.

'Honor Man' Award Won by WCH Youth At Great Lakes

Kenneth Evans, 18, son of Mr. and Mrs. Kenneth E. Evans Sr., 1123 Willard St., has been selected as the "honor man" of his company at the US Naval Training Center, Great Lakes, Ill.

KENNETH EVANS

Evans enlisted in the Navy on July 7. He graduated from Washington C. H. High School last spring.

His commander, Capt. Carl E. Bull, said Evans was selected on individual performance of duty in all phases of basic training, including leadership, initiative, military bearing, sportsmanship, response to orders, general cleanliness, qualifications of a good shipmate, and high overall scholastic standing.

Capt. Bull said it is a high honor to be selected from among a large group of young men for the award and that Evans "is to be commended for the conscientious attention to duty which led to this achievement."

Kenny is to receive a "certificate of honor and a suitable" plaque during recruit graduation ceremonies on Saturday.

Evans' parents are planning to leave Friday to attend the ceremonies at Great Lakes. Also going for the award presentation are girl friend, Beverly Tyree of Jeffersonville, and his uncle and his wife, Mr. and Mrs. Jake Evans.

None of Bob Hope's Gags Has Caused His Demise Yet

By CHARLES MERCER

NEW YORK (AP)—Not long ago, when Bob Hope was playing a state fair, he muffed a punch line and yelled, "I don't know what I'm doing!" A local reporter duly wrote in his paper that Bob Hope said he didn't know what he was doing.

Hope, laughing about it as he hastened through New York the other day, said he learned long ago that "you can die with a gag."

But Hope, a man with an endless supply of gags, is as far from dying as a comedian can be.

On Sept. 19, for example, he launches his new television season with the musical "Roberta" — which was his first successful Broadway show back in 1933 — over NBC-TV. Anna Maria Alberghetti and Howard Keel costar in the live 90-minute production.

Those who know Otto Harbach's and Jerome Kern's "Roberta" only as the source of such songs as "Smoke Gets in Your Eyes" and "The Touch of Your Hands" should be reminded in Hope's words, that the musical play "is full of laughs."

Hope plays a bandleader named Huckleberry Haines, an American bandleader who goes to Paris and becomes embroiled with girls, gags and harrowing situations. In the course of the show Hope does two monologues — which is one more than he usually does on a TV show, he points out.

"Roberta" is the first of eight television shows he plans to do in

the forthcoming season. Three will be done on foreign soil—one of them, he plans from Rio de Janeiro. He hopes to do one domestic show based on the New Orleans Mardi Gras. With the exception of "Roberta," all the Hope shows will be on film under present plans.

Hope seems to have fared better at the hands of the critics than any comedian with much tenure on television. While agreeing that is true, he says that "the kings aren't in style these days."

One reason for his continuing popularity on television, he feels, is the fact that he hasn't been overexposed. For another thing he always tries to work around the talents of his guests and not retain a rigid program formula.

Mrs. Pfersick
Hostess to
Sorority Chapter

Xi Beta Psi chapter of Beta Sigma Phi sorority held its first fall meeting in the home of Mrs. Charles Pfersick.

Mrs. Ray Jennings conducted the business session in the absence of the president, Mrs. Jennings read a letter from the international office informing the group that they are a three star chapter for 1958.

Mrs. Eddie Sexton read a report from the executive board announcing the budget for the coming year.

The ways and means committee chairman, Mrs. John Richards, stated that the Christmas cards, which the group will sell, had arrived. She urged each member to display the cards as the money will be used for the Christmas party for needy children.

Plans were made for a square dance Sept. 27 for members of the two local chapters and their invited guests at the home of Mrs. Elmer Haymaker.

Mrs. Robert Allen, program chairman, distributed program books and said that the topic for the year is "Our World Today." Each member is to speak on a different country. On the front of each program book distributed was a picture of a flag which designated the country they will report on.

Mrs. Allen introduced the speaker for the evening, Mrs. James Lawrence, who spoke on "Liechtenstein."

Following the program, Mrs. Eddie Sexton read rules on parliamentary procedure.

Tempting refreshments were served by the hostess.

The next meeting will be held in the home of Mrs. Roy Pearce Sept. 22.

Miss Oberschlake Is Bride
Of Mr. Jack S. Hickman

MR. AND MRS. JACK S. HICKMAN

Profusions of white gladioli and palms, illuminated by the light of candles, decorated the Bloomington Methodist Church for the open church wedding Sunday evening of Miss Frances Lee Oberschlake and Mr. Jack Sherwood Hickman.

The bride is the daughter of Mr. and Mrs. Hermus Oberschlake of Bloomington. Mr. and Mrs. Ralph Hickman, 121 N. North St., are the parents of the bridegroom.

The Rev. George Groh Sr., uncle of the bride, officiated at the double ring ceremony at 7:30 o'clock before a background of candelabra and baskets of white gladioli. The pews were marked with white satin bows, gladioli and foliage.

Preceding the ceremony, a half-hour program of traditional nuptial music was presented by Mrs. Olive Lynch and Master Ricky Vincent, soloists, and Mrs. Mary Vincent, organist.

The bride, who approached the altar on the arm of her father, was lovely in a waltz-length gown of antique white silk taffeta and nylon tulle. The silk taffeta scalloped basque bodice was fashioned with a Sabrina neckline and long sleeves that tapered to tiny point over the hands. The extremely bouffant skirt of nylon tulle fell softly over an old-fashioned hoop. Her fingertip veil of imported Belgian illusion was attached to an arrangement of Heirloom Rose Pointe lace. She carried a cascade bouquet of white gladioli centered with a small white Bible covered with white roses and ivy.

The maid of honor, Miss Shirley Hickman, sister of the groom, was wearing a white velvet waltz-length gown fashioned along princess lines. A headress of red feathered cloche and red gloves, gift of the bride, completed her ensemble. She carried a cascade bouquet of red gladioli and red carnations.

Bride-maids were Miss Carol Parker and Miss Sonja Parker of Fremont, cousins of the bride. They were attired in gowns of red velvet fashioned along the same lines as that of the maid of honor. They wore headresses of white feathered bandeaux and gloves. They carried cascade bouquets of white gladioli.

Sorority Chapter
Names Secretary

Mrs. Floyd Hoppes was named the new secretary of Ohio Zeta Upsilon chapter of Beta Sigma Phi Sorority when it held its first meeting for the year 1958-59 in the country home of Mrs. Elmer Haymaker.

The opening ritual was led by Mrs. Eugene Alkire, president. Mrs. Norman D. Trout called the roll.

Preceding the lengthy business session, Mrs. Alkire, assisted by those present, read the call to Beta Sigma Phi in a candlelight ceremony. Members signed the pledge to be sent to international.

Correspondence was read and discussed and the announcement was made concerning the forthcoming "rush party" which will feature a square dance in the large barn on the Haymaker farm Saturday, Sept. 27.

Following a brief intermission, a cultural program was presented on "Oratory" with all members participating.

A delicious dessert course was served by Mrs. Haymaker, assisted by Mrs. Floyd Hoppes and Mrs. Maynard Hoppes.

Job's Daughters
Inspection Practices

Practices for Job's Daughters inspection will be held at 7:30 p. m. Thursday and 2 p. m. Sunday in the Hays Building.

Inspection has been scheduled for 7:30 p. m. Monday in the Hays Building.

Miss Onda McCoy were junior hostesses.

When the couple left on their wedding trip to New York and Canada, the new Mrs. Hickman was wearing an Italian flowered silk sheath dress. With this she wore brown accessories and the roses from her bridal bouquet were pinned to her shoulder.

The former Miss Oberschlake was graduated from Bloomington High School and will continue her work with the American Electric Power Co. in Columbus.

Mr. Hickman was graduated from Washington High School and served four years in the Air Force. This fall he will return to Wilmington College where he is enrolled in electronic engineering.

The groom's parents honored the couple with a buffet dinner Saturday evening.

The Hickman home throughout was radiant with lovely arrangements of fall flowers. A large white wedding bell suspended from the chandelier completed the decorations.

Guests found their places at small tables further carrying out the fall color scheme.

Additional guests attending the affair were Mr. and Mrs. Oberschlake, parents of the bride; The Rev. and Mrs. George Groh Sr., Mr. and Mrs. James E. Garringer and sons, Jeffrey and Jay, Mrs. Olive Lynch, Mrs. Mary Vincent and son Ricky, Miss Sonja Parker, Miss Carol Parker, Miss Shirley Hickman, Mr. Vincent Chimiles, Mr. Robert Chaney and Mr. Harold Cummings.

Social Happenings

6 The Record-Herald Thursday, Sept. 11, 1958
Washington C. H. Ohio

Washington Homemakers
Meet in Watson Home

Mrs. Howard Bryant, Mrs. Donald Palmer and Mrs. Carey Daugherty were appointed to attend leader training meetings when the regular meeting of the Washington Homemakers Home Demonstration Club was held in the Staunton home of Mrs. Kenneth Watson.

Mrs. Daugherty, president, conducted the business session. The secretary's and treasurer's reports were given by Mrs. Peggy Smith.

New schedules were discussed and recorded for the coming year.

At the close of the business session, Mrs. Daugherty relinquished her office to the new president, Mrs. Palmer, and Mr. Smith presented the secretary's and treasurer's records to Mrs. Kenneth Watson, the new secretary - treasurer.

During the social hour a discussion was held on "Family Relations," particularly the problems involved with the pre-school child and the problems arising with first and second graders.

Refreshments were served by Mrs. Watson, assisted by her daughters, Barbara and Beverly.

The next meeting will be held in the home of Mrs. Elza Woodruff. The project for this meeting will be "Outdoor Cookery," with Mrs. Woodruff and Mrs. Wendell Barr as leaders.

Young Group
Enjoys Outing

Warren Craig and Dean Morrow were hosts to several of their friends Monday night when they met for a wiener roast at the home of Warren's grandmother, Mrs. Lena Warner, on the Hoppes Rd.

The get-together was held before the hosts return to college this fall.

A hayride followed to round out a most enjoyable evening.

Guests were the Misses Dianne Everhart, Kay Minshall, Susan Wissler, Mary Belle Shoemaker, Wanda Tracey, Caroline Stumbo, Martha Haines, Sarah Core, Barbara Carman and Caroline Clemmer, and Mike Cunningham, Hugh Lentz, David Whiteside, Gary Cockerill, Paul (Butch) Hughes, Ronald Whitaker, Larry Carman, David Barshet, Harry Lewis and Faye Calder.

Mr. and Mrs. Thurman Carwile and Mr. and Mrs. Kenneth Craig were additional guests and assisted the hosts and Mrs. Warner in the evening's hospitalities.

The monotype machine was patented by Robert Lanston in 1887.

The Great Lakes contain approximately one-half of the fresh water on earth.

BPO Does Meet Tuesday Night

The regular meeting of the BPO Does No. 80 was held in the Elks Lodge room Tuesday night.

Mrs. Ray Wilhelm, president, conducted the business session.

Mrs. C. S. Kelley, social chairman, gave an outline of coming social events.

Mrs. Charles Fults, secretary, read communications which included notes of appreciation from the Elks for the donation to the lodge's dental fund and from Fayette Memorial Hospital for the layettes furnished by the Does.

It was announced that meetings will be held twice monthly throughout the coming season.

Members practiced for drill, after which the remainder of the evening was spent counting sales tax stamps and playing cards.

Mrs. Hankins Hostess
To Sorority Chapter

Mrs. Harford Hankins was hostess to members of the Association Chapter of Phi Beta Psi sorority when the group met for its first fall meeting Monday night.

The assisting hostesses were Mrs. Walter Fults and Mrs. Bud Brownell.

A short business session was held after which bridge was played. Prizes were awarded to Mrs. Earl Gidding, Mrs. Robert Craig and Mrs. Ervin Miller.

Macaroni Salad Won't Die

THE FLAVOR OF SCANDINAVIA: Not one, but two macaroni salads find a prominent place in this layout of Scandinavian treats. One prepared with dill and the other with bits of meat. Completing the assortment are Swedish meat balls, assorted breads, stuffed eggs, tomato and onion slices, marinated cucumbers, red caviar, anchovies and smoked salmon.

By CECILY BROWNSTONE
Food Editor

Go to a church supper—the sort where the ladies of the parish bring their best dishes—or to an elegant Swedish-American restaurant. You're likely to encounter the same dish. Among the lavish array of foods at either place, macaroni salad takes a bow.

Epitaphs have been known to look down their nose at this thrifty and homey combination, but it stays firmly on the scene.

The Danes like it, too. A spiral-bound cook book called "From Danish Kitchens" (first published almost 20 years ago and now in its seventh edition) gives directions for making it. This cook book was compiled by a Seattle, Wash., church group with the avowed purpose of preserving favorite Danish recipes.

A RICH RECIPE, this Danish one! It calls for cooked cold macaroni with a dressing of whipped cream, sugar, vinegar and grated horseradish. This same dressing for the salad we find in the Danish section of "Scandinavian Cookery for Americans" (Little, Brown) by Florence Brobeck, an American, and Monika Kjelberg, a native and resident of Stockholm.

Still sleuthing for recipes, we come on only one other macaroni salad from a strictly Scandinavian source; this is in "Smorgasbordet" by Gerda Simonson. Here the boiled cooked macaroni is chilled and coated with narrow strips of cooked smoked tongue (or ham or

smoked beef) and tossed with mixture of French dressing and chili sauce.

Now comes a new American recipe for the cold macaroni, adding a cooked dressing plus dill, a favorite Scandinavian herb. When you have dill's fresh green feathery fronds on hand, you might like to try this latest combination.

We served this version with baked ham at a company supper—and even the most sophisticated of the guests like it. The next day we offered it with cold left-over ham to our college-age nephew and he, too, approved. A way of outs that was particularly liked: we used sea shell macaroni, instead of regular short elbow lengths, and this caters found intriguing.

MACARONI DILL SALAD

Ingredients: 3 quarts water, 4 teaspoons salt, 2 cups (8 ounces) elbow macaroni, 1 tablespoon flour, 1 tablespoon sugar, 1 egg, ¼ cup water, 1 tablespoon butter or margarine, ¼ cup cider of white wine vinegar, 2 teaspoons prepared horseradish, ¼ cup finely chopped dill, extra salt, a salad greens, paprika.

Method: Bring water and 3 teaspoons of the salt to a boil in a large kettle. Add macaroni gradually so water continues to boil. Cook, uncovered—stirring occasionally—until tender or according to package directions. Drain in colander; rinse with cold water; drain again and chill in a covered container. Stir together thoroughly

Do You Know?

Topping tip: When you want a crusty topping on macaroni and cheese or a similar baked dish, you'll find ¾ cup tiny fresh bread cubes mixed with a couple of tablespoons of melted butter or margarine will be fine for a 1½-quart casserole that's about 7½ inches wide and 2½ inches deep.

Many Chinese dishes use sauces made with chicken stock or bouillon, soy sauce, garlic and sugar, and are thickened with cornstarch. If you are improvising one of these gravies, remember that 1 tablespoon of cornstarch has the thickening power of 2 tablespoons of flour.

Do you remember to read a recipe through, from beginning to end, before you attempt to follow it? If you do, you'll know what ingredients and utensils are needed; and most important, you'll know whether it is written clearly enough for you to make the dish successfully.

Always "dry" boiled potatoes after they're drained by shaking them in the saucpan over low heat.

Twist Pins Handy For Many Purposes

A very interesting item in the line of notions is the twist pin. These little pins have cork screw like tips to fasten things to cushioned surfaces such as slip covers or ties at backs and arms of overstuffed furniture.

They hold auto seat covers neatly in place. These rustproof pins are decorative too, having clear plastic or other heads.

Save Egg Cartons

An egg carton makes a very convenient storage space in a drawer where miscellaneous small things are kept. One compartment can be used for pins, another for buttons and the rest for other small items thus keeping the drawer much neater and also making these small items much easier to find.

the flour, sugar and remaining 1 teaspoon salt in the top of a small double boiler. Beat egg enough to combine yolk and white; add water; beat enough to blend. Add to flour mixture; stir until smooth. Cook over hot (not boiling) water stirring constantly until thickened. Stir in butter until melted; slowly stir in the vinegar. Stir in horseradish and dill. Toss with macaroni; and extra salt if desired; chill until serving time. At serving, garnish with salad greens and sprinkle with paprika.

Man Ratio 2 to 1, Miss Alaska Reports

MISS ALASKA: As she rubs noses with AP Artist Joe Damone, pretty Stuart Johnson remarks: "My boy-friend warned me to watch out for wolves in New York."

By VIVIAN BROWN

There are two men to every woman in Alaska, another reason why we should be thankful for a 49th state. That's the word from Alaska's prettiest representative, Stuart Fraser Johnson, the first Miss Alaska to compete in the Miss America beauty pageant.

"Even though it looks like we have a monopoly on the male population, we date steady," laughs Stuart. Pretty, blonde and blue-eyed, the 19-year-old college sophomore thinks girls are the same the world over. "They like to keep a man pinned down."

Her own beau, a 19-year-old student at Oregon State College who works for the Alaska Communication System in Juneau, isn't taking any chances though with his steady dating priorities. Says Stuart:

"When I left Alaska he warned me about the men I'd meet here—city wolves, he called them. He worried about kidnappers, also, and that I might like it too well here to come home."

SHE doesn't. She likes Alaska much better and was disappointed that New York is so "old fashioned." She explains:

"I expected everything to be more up-to-date, but actually we have more modern living and business buildings in Juneau."

Their "sky scraper" is a 13-story apartment house, but she never saw a window cleaner until she encountered one in Rockefeller Center.

She also saw her first television studio, her first real park (Central) was dumbfounded by the traffic, and impressed with having her first clothes fitting by a designer—all in New York.

ALL the girls in Juneau are wearing chemises, she says. The one she was wearing was navy blue, and she likes it, but Alaskan men hate the chemise, too, she says.

Stuart, a direct descendant of Mary Queen of Scots, had two golden grandfathers. Her Finnish paternal grandfather, and her

Scottish maternal grandfather met when they were prospecting for gold.

Her widowed mother works for the State Department of Public Health, her 22-year-old brother attends Washington State College. Stuart attended the University of Washington last year, but will go to Mills College in Oakland, Calif., this fall.

At the fashionable girls school, she'll major in education. She expects to be a teacher. In summers she works for the Department of Education as a stenographer.

"I'D LOVE to go to the University of Edinburgh," she explains "where I'll study for my Master's degree. I'm anxious to see my Scottish aunts also."

She loves to play piano, trout-fish and hike. Alaska girls love outdoor sports.

"Except for its newness in architecture, Juneau isn't too different from many American cities. It's about parallel with New York, has similar temperatures—not colder than 10 degrees in winter, and 70 or 80 in summer."

"Young people like Elvis Presley pizza pies are the rage, and the newest hit songs when I left home were 'Patricia' and 'When.' It's an ideal place for young people, as the average age of the population is 26."

MISS Alaska is 5 feet 6½, weighs 135, measures 36-26-36, is blonde and blue-eyed.

Her float in the pageant will be a snow scene with an oil rig on it, the trademark of her pageant sponsors, The Alaska Oil and Mineral Co., largest oil exploratory firm in Alaska. Says Stuart:

"When they chose me as Miss Alaska, I almost collapsed, and mother said 'I can't believe this is happening to my little baby.'"

She uses lipstick, no other make-up, but will wear what the pageant people advise for the contest. She'll wear a gold nugget charm bracelet for luck. It belongs to her chaperone, Beatrice Albertson, a former New York model who has a dress shop in Juneau.

Low-Cal Salad Dressing Is Flavorful, Too

By CECILY BROWNSTONE
Food Editor

Found: a low-calorie dressing for salads that tastes good. Too many salad dressings for weight-watchers are ones we'd rather leave than take. But after using this one on a variety of fruit and vegetable salads, we can recommend it as most acceptable.

This dressing is patterned after that old-fashioned concoction known as boiled dressing. Actually the name is a misnomer because this mixture should be cooked over hot water and never boiled.

The old-time recipe often included cream and several tablespoons of butter. This recipe calls for non-fat dry milk powder and only one tablespoon of butter or margarine.

YOU might like to use this updated dressing on an orange slaw—a delightful combination of green cabbage and citrus fruit.

This salad can ring an interesting menu change when you're planning to serve sliced turkey and baked ham for a company supper: add the turkey (cut in thin strips) to the orange slaw and let it accompany the glazed baked ham.

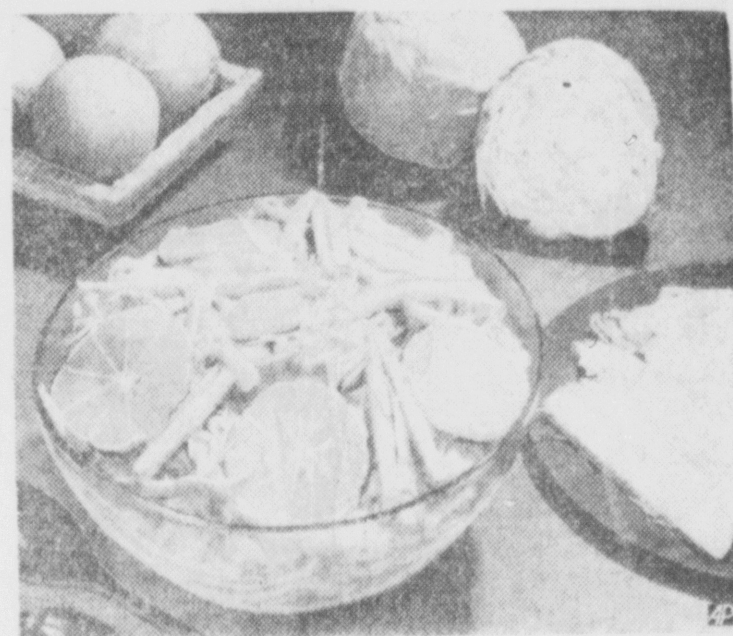

Weight-watchers among your guests will be able to help themselves to the slaw with impunity!

LOW-CALORIE BOILED DRESSING

Ingredients: 2 tablespoons flour, 2 tablespoons sugar, 1½ teaspoons salt, ¼ teaspoon white pepper, 1 teaspoon dry mustard, 1½ cup non-fat dry milk powder, 1 egg, 1 cup water, 1 tablespoon butter or margarine, 2 tablespoons cider vinegar.

Method: In the top of a double boiler stir together thoroughly the flour, sugar, salt, pepper,

The Record-Herald Thursday, Sept. 11, 1958 7
Washington C. H., Ohio

COLE SLAW FOR A CALORIE COUNTER: Even a diet-weary dieter will look with favor on this salad—Orange Turkey Slaw. Cabbage is combined with slices of orange and slivers of turkey and topped with a truly tasty low-calories dressing.

mustard and non-fat dry milk powder.

Beat egg enough to mix yolk and white; add water and beat enough to combine. Gradually stir into dry ingredients so mixture is smooth after each addition.

Cook over very hot (but not boiling) water stirring constantly until thickened. Remove from heat, stir in the butter. Cool to lukewarm, stirring occasionally; gradually stir in the vinegar. Store in covered jar in refrigerator. Makes about 1½ cups.

Note: We think the dressing tastes best after it has been stored a day or so and the flavors have had a chance to blend.

ORANGE TURKEY SLAW

Ingredients: 4 cups shredded green cabbage, 3 oranges, 1 teaspoon finely grated onion (pulp and juice), ¼ cup julienne strips cooked turkey, 1 tablespoon lemon juice, salt, white pepper, ½ cup (about) Low-calorie boiled dressing.

Method: Turn the cabbage into

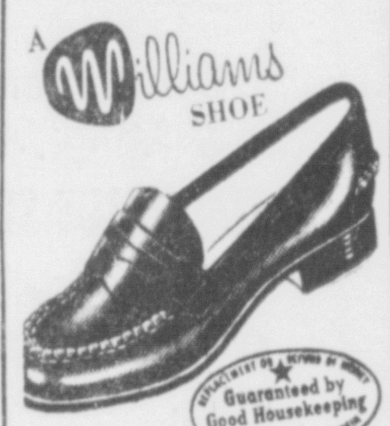

a bowl. Cut the rind away from the oranges so no white membrane remains; cut 2 of the oranges into membrane-free sections; cut remaining orange into round slices.

Mix the cabbage lightly with the orange sections, grated onion, turkey and lemon juice, add salt and pepper to taste. Add the boiled dressing, tossing with two forks, so it will be well distributed. Garnish with the orange slices. Makes 6 to 8 servings.

Add whole-kernel corn to batter for buttermilk pancakes and serve, along with maple syrup, with fried chicken. Make the pancakes small.

KAUFMAN'S BARGAIN STORE

"Shoes For All The Family"

So You Wanna Be...in a Broadway show

By FRANK KUCHIRCHUK
Central Press

Writer-Photographer

THE glamorous world of show business attracts many young people, but very few make the grade. One of those who made it is Carole D'Andrea of Altoona, Pa., who is in the musical, *West Side Story*.

She's working today, but after the show closes, then what? Auditions all over again, and maybe no luck for business...

Carole arrived in New York in '55 after graduating from high school. She had been a "star" back home, but when she reached Broadway she said, "I didn't realize there were so many good dancers and so few musicals."

She couldn't find work for a year, but she did study,

On stage, Carole is at right.

four dance lessons a day! Although she has a role, lessons continue, ballet, jazz dance, acting, diction and singing.

Last year she won a job as a Copa girl. Then this spring she and 800 other girls auditioned for roles as the Four Jets in the *West Side Story*. This time her "young face and tiny figure" helped and she got one of the roles. In addition, she understudies the third female lead.

Are talent and beauty the determining factors in getting on Broadway?

"No," says Carole D'Andrea. "It's determination! You also need faith in yourself."

"So many of the kids are hard... have a 'know it all' attitude, their lingo is hip. This I think is a hindrance."

"However, you have to feel you're the best... or you should get out."

Industry Still Moving South

Race Tensions Fail To Curb Expansion

NEW YORK (AP)—Race tensions in the South have kept a few Northern companies from locating plants there but have failed to block continued rapid industrialization of Dixie, the Wall Street Journal said today.

In such states as North Carolina, Alabama and Georgia, state development commissions, public utilities, banks and other site promoters claim a greater rate of new plant and equipment spending this year than last, the paper said.

Louisiana is about even with a year ago.

In most other states, the industrialization pace is lagging slightly behind 1957, but the lag generally is smaller than that for the nation as a whole.

Where there is a lag, Southern state officials blame it on recession, not on race.

Race relations is just one of about 700 factors management considers in locating a plant according to H. McKinley Conway Jr., publisher of the Manufacturers Record, a Southern trade magazine published in Atlanta, Ga.

According to the magazine, new plants being built in 16 Southern states during the first half of this year totaled 688, an improvement over both the 672 in the first half of 1957 and 559 in the 1956 period.

The Journal interviewed dozens of Northern businessmen.

In Little Rock, Ark., which has come to symbolize the South's anti-integration efforts, not a single major new plant has been located in the city's metropolitan area and no land in Little Rock's 1,000-acre industrial district, just outside of town, has been sold since May 1957.

Many Little Rock persons blame "undue" prominence given the local racial problems by the national press.

"They've tarred and feathered our area," complains W. P. Rock, executive director of the Arkansas Industrial Development Commission.

Science Helps Navy Frogmen Dive Deeper

GROTON, Conn. (AP)—New research findings promise to allow Navy frogmen to swim deeper and longer without danger of the bends, a Navy doctor reported today.

Capt. J. Duffner, senior medical officer of the Navy's experimental diving unit in Washington, D. C., said the prospect results from experiments in which swimming divers breathe a mixture of helium and oxygen instead of the usual compressed air, which contains nitrogen and oxygen.

He told the first International Symposium on Submarine and Space Medicine that it is now proposed to furnish all frogmen with such a mixture. It would be carried, as compressed air now is, in a so-called "scuba" apparatus.

Scuba means "self contained underwater breathing apparatus."

The symposium is being sponsored by the American Institute of Biological Sciences with the support of the Defense Department.

The condition known as the bends is technically called decompression sickness.

When a diver is deep in the water, the increased pressure from the water causes any inert gas in his breathing mixture—such as nitrogen or helium—to be compressed into his tissues. When he ascends the gas in his tissues is under lower and lower pressure. If he comes up too fast, the compressed gas will be released in the form of bubbles. They can get into his tissues, his joints and even his brains and lungs.

There are more than 35 thousand swimming pools in the United States. Approximately one-half of these are private.

NO TURN UNSTONED—Roving jewelry is THE thing this autumn, with glittering gems accenting a whole new range of feminine curves. Jewels have moved to new locations to enhance the empire and trapeze lines; necklaces are turned backwards, bracelets are worn atop the head, chains and ropes encircle hips and pins go anywhere from hemline to hairline.

Soviet Press Tempers Its Attack on U.S.

MOSCOW (AP)—The Soviet press tempered attacks on the United States in the Far East crisis today by focusing on the possibility of peaceful negotiations.

Charges of U. S. armed intervention in the Far East are still strong in the Russian papers but they are not so violent as before Premier Khrushchev's letter to President Eisenhower earlier in the week. Khrushchev urged that the United States "show sense" in the dispute by abandoning what he called a policy of threats.

Akron Buys Property For New Civic Center

AKRON, Ohio (AP)—City Council approved purchase for \$1,800,000 of the Quaker Oats Co. property along the old Ohio Canal. The company has promised to refund \$200,000 of the purchase price to the city as a contribution to a redevelopment program. Under that program the property at Howard and Bowery Streets would be vacated next summer and used as the site of a civic-cultural center and parking area.

Gas Turbine Future Car Is Unveiled

DETROIT (AP)—General Motors has just completed another fabulous car of tomorrow — Firebird III.

The car is powered with a gas turbine engine with a single stick control that eliminates conventional steering wheel, brake pedal and accelerator and makes elaborate use of electronics, transistors and computers.

The newest in the line of Firebirds, the car looks like a missile. Its interior is crammed with more mechanism than many large calculating machines.

A small, separately operated, 10-horsepower piston engine provides power to actuate accessories and frees the 225-horsepower gas turbine engine to drive the rear wheels. The smaller engine drives a 110-volt generator that provides 60-cycle electrical power. The car has an aerodynamic fiber glass body, a wide tapered nose, twin plastic bubble canopies over the passenger compartment and seven fins around the rear, topped by a high dorsal fin at the tail.

The Firebird III will get its first public showing at General Motors' Motorama, opening in New York Oct. 16 and in Boston Nov. 8.

The car is strictly experimental. It has a 119-inch wheelbase and 57-inch front and rear tracks. Over-all length is 248 1/2 inches. Its curb weight with full fuel and oil tanks is 5,275 pounds.

Gull wing doors on power-operated hinges swing diagonally up. Special contour seats are equipped with power operated headrests and footrests. Height at the top of the canopy bubbles is 44 1/2 inches.

Permanent Ohio Water Survey Group Urged

COLUMBUS, Ohio (AP)—Gov. C. William O'Neill's Water Survey Committee has recommended the creation of a permanent 10-member committee. The recommendation said the group should be made up of seven members appointed by the governor and the directors of health, natural resources and public works.

Ohio Pork Picnic Fun-Feature To Be Greased Pig Chase

An event which will provide fun and excitement at the Ohio Pork Producer's Picnic at the Greene County fairgrounds Saturday is the greased pig contest. Both boys and girls who are 4-H, FFA or FHA members 10 to 18 years of age will try to catch a greased pig in a round pen. Those who succeed

will receive a purebred gilt. Contestants will be grouped according to age. The committee in charge expects to have eight to 10 classes depending on the number of entries and number of gilts donated by breed associations and purebred breeders.

The contest will be at 10:30 a. m. and entries must be made to

the committee at least one hour in advance.

Secretary of Agriculture Ezra T. Benson, will speak at 1:15 p. m. His appearance will be a highlight of an all-day program which opens at 9:30 a. m. and closes at 3 p. m.

Other features will include the selection of the Ohio Pork Queen,

Lions To Bring Rubinoff, Famed Violinist, to City

The Lions Club has announced that Rubinoff, internationally known concert violinist, will appear in Washington High School Auditorium at 8:15 p. m. Wednesday, Nov. 5.

President Ray French said Rubinoff will appear here under club sponsorship. Pointing out that the special committees and ticket-selling locations will be announced soon. Proceeds will go to the Lions Community Welfare and Sight-Saving Fund.

RUBINOFF AND HIS VIOLIN. A long favorite American combination, is well-known to millions both from his current concert appearances, nationwide radio broadcasts

RUBINOFF

with Eddie Cantor, television guests, and his motion picture engagements. This tour is heralded as a concert "in tune with the times."

The famed musician will bring here for his concert the fabulous Stradivarius violin which, insured for \$100,000, is reputed to possess the most beautiful tonal qualities in the world; and a brand new program of favorites such as "Warsaw Concerto," Chopin's "Polonaise," Debussy's "Clair de Lune," and Gershwin's "Rhapsody in Blue." These compositions will have their premiere performance as violin solos arranged and played by the maestro.

Todd also urges that in order to be assured of a properly installed sewage system, proper owners should consult the Health Department before arranging for a septic tank or leaching system. He said that health officials will gladly advise anyone as to how to properly protect the homes from unsanitary conditions in connection with such installation.

IN EXPLAINING the need for permits, Todd said:

"The purpose of a septic tank is to provide a safe, healthful, efficient way to dispose of domestic wastes so they will not contaminate any water supply or cause unsanitary conditions. Septic tanks add to neighborhood sanitation, prevent offense to neighbors and polluting community streams, provided they are properly installed.

The principal function of a septic tank is to retard sewage flow until all solid matter has settled out. To do this several hours of settling is required, so a sufficiently large tank is necessary. After these solids settle to the bottom of the tank, they are further reduced by bacteria and decomposed by gases leaving a residue known as sludge. The sludge remains in the tank, and should be removed when necessary (probably every two to three years.) It must be kept in mind that a septic tank, is not a disposal system in itself and must be cleaned periodically.

"The location of a septic tank and leaching system is one of the most important and difficult features of a home sewage system. Regulations require that any one installing a septic tank in Fayette County must first obtain a permit from the Health Department. For your protection insist that any firm installing a septic tank obtain a permit."

Unemployment Picture Now Gets No Worse

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — For the more than 4½ million Americans out of work, the business recovery can't come too soon.

The best thing about the government's latest report on unemployment is that it shows the situation isn't getting any worse.

The official figures indicate a drop in unemployment between mid-July and mid-August. But that drop seems to be more apparent than real.

It was confined largely to the removal of job-seeking students from the labor force. For the mature worker the situation was little changed.

The influx of students into the labor force in June sent that month's total unemployed to a recession peak of 5½ million.

There are still two million more persons out of work than a year ago. While increased industrial output has called some back to jobs most of the gain in production has been accomplished either by greater productivity through the use of better equipment or by lengthening of the work week.

The real test of the employment trend will show up this month and next.

If the auto industry comes to terms with its workers and there is no strike, employment figures should rise reasonably and the recovery should get up enough momentum to whittle at the disheartening total of the jobless.

Speeding up of work on the new models this month and next — barring a labor stoppage—should send employment sharply upward.

For factory workers with jobs, the summer has seen a slow increase in the number of hours worked. The average factory worker is still below last year's figure but is gradually pulling up toward 40 hours again.

This, coupled with wage increases in some industries, has increased their take-home pay and has helped keep the total of consumer spending at a fairly high level.

Partly because of this, many merchants are turning very optimistic about fall and Christmas trade. Their supplies report a jump in reordering.

North Fork Paint Creek near New Holland.

Scheduled date of completion for the bridge is Aug. 31, 1959. The new structure, a 44-foot full roadway — width span, will cost an estimated \$300,000, according to Highway Director Charles M. Noble.

Total length of the project, including approaches, is seven-tenths of a mile.

In making the announcement, department officials said that nearly 13 miles of construction, 124 miles of resurfacing and improvements to 33 bridges, distributed over 43 counties, are included in the program for which bids will be opened.

Chicken Top Bargain Special This Week

by THE ASSOCIATED PRESS
Chicken looks like the most popular bargain special at the nation's grocery counters this week-end.

Chickens are being offered in many stores with prices slashed as low as 29 cents a pound. Supplies of chickens are increasing steadily, and a recent spurt in the births of baby chicks promises to keep the trend running that way.

Right now egg prices are four to eight cents a dozen higher. Pork prices also are up this week, while beef and lamb are a bit more expensive in scattered areas.

Vegetable bins still offer many bargains, although produce from nearby fields is waning in some areas. Best bets this week are snap beans, cabbage, onions, potatoes, radishes and sweet potatoes. Potatoes are especially attractive.

You can get good buys, too, among carrots, cucumbers, squash and sweet corn.

Shipments of corn are getting lighter, but condition generally is not quite up to earlier standards, so the price stays low. Celery, tomatoes and peppers are fairly good buys.

Fruit bins reflect the onset of autumn. Peaches still are a bargain, but watermelons are starting to show signs of poor condition. Cantaloupes are higher.

Girl Scout Troop Elects Officers

The Senior Girl Scout Troop No. 8 held its first meeting of the fall at the home of Karen Hyer.

New officers elected were Cynthia Sollars, president; Pat Wood, vice president; Sharma Sanders, secretary; Karen Kyer, treasurer and Doris Pennington, assistant to the leader, Mrs. Harry Naylor.

Refreshments were served by Mrs. Dana Hyer. Jennifer Newbery was a guest at the meeting. The next meeting will be held at the home of Sharma Sanders on Sept. 23.

Second Baptist Church Plans for Women's Day

Next Sunday will be "Women's Day" at the Second Baptist Church on Columbus Ave. and a special service will be held at 11 a. m.

Miss Viola Mullins, secretary of the Ohio Baptist General Assembly, will be the principal speaker.

The announcement said that although this will be "Women's Day" men will be welcome to attend and hear Miss Mullins' talk on the responsibilities of women to the church.

Bloomington School News

The "back-to-school" days are here again which certainly proves that time really flies.

Once again the students will begin to burn the midnight oil in order to keep up with their studies. How many happy memories of this summer will be filed away in their minds!

The hopes of several pupils for passing the school year in a dreamy reverie were quickly shattered when Mr. Biddle announced the rules and regulations which will be enforced this year in an assembly program held Wednesday afternoon. He also introduced the two new teachers at Bloomington High School, Mr. Kenneth Craig and Mr. Robert Von Ahlenfeldt.

Mr. Craig teaches algebra, plane and solid geometry, physics, and seventh and eighth grade arithmetic. He majored in science and mathematics at Wilmington College and has been teaching in the county and in New Holland for a number of years.

Mr. Von Ahlenfeldt, or "Mr. Von", as he is being called, is teaching eighth grade history, business arithmetic, general math, public speaking, Ohio history, and seventh grade geography. He holds a master's degree in school administration from Fordham University, New York.

19 NEW STUDENTS

We all would like to welcome the nineteen new students who have entered BHS this year. Their names and the schools they attended last year are as follows:

Grade 7 — Mike Kilgore and Joan Wheeler, Washington C. H.; Norman Leach, New Holland.

Grade 8 — Nancy Kilgore, Dotie Claytor, Washington C. H.; Michael Johnson, New Holland; Aline Rowland, Scott High School, Ft. Knox, Ky.; Vicky and Larry Anderson, Chaffin School.

Grade 9 — Charlotte Battle, L. S. Ingraham, Georgia; Allen Lloyd, Sedalia; Sam Lane, Chillicothe; Nancy Barton, Eber.

Grade 10 — Sally Kilgore, Washington C. H.; Jim Riley, Central High School, Columbus.

Grade 11 — David Cox, Jeffersonville; Ethel Lowe, Washington C. H.

Grade 12 — Ann Graham, Wil-

bur Wright, Dayton; Loretta Cox, Jeffersonville.

NEW RECREATION EQUIPMENT

The junior high and high school students really appreciate the recreation equipment at the Bloomington Lions Park. Instead of spending the noon period on the regular school playground as has been the custom, they are now able to use the facilities which have been provided by the Lions Club. Mr. Rudolph, physical education instructor, is in charge.

The different types of equipment enable the boys and girls to play basketball, volleyball, tennis, baseball, football, soccer and softball. During the past summer Mr. Robert Hildreth, former coach at Jeffersonville, was the recreation instructor at the playground and coached one of the three Bloomington youth baseball teams using the ball diamond.

The following list of names are those of Bloomington's 1958 graduates, who, having attained a special niche for themselves in their 12 long years among us, are now venturing out into the cold, cold world to seek their fortunes:

Kenny Anderson, Larry Ober-schlake, and David Roberts — Great Lakes Naval Training Station, Great Lakes, Ill.

Beverly Evans — School of Nursing, Mt. Carmel Hospital, Colum-

bus. Betty Farmer — Budget and Finance Loan Co., Columbus.

Woodrow Fridley and Larry McArthur — National Guard, Ft. Jackson, S. C.

Robert Grim — Lackland Air Force Base, San Antonio, Tex.

Don Hidy — College of Engineering, Ohio State University.

Bill Huff — National Guards, Ft. Breckinridge, Ind.

Nancy Owens — Craig Brothers Department Store, Washington C. H.

Cindy Schlichter — Elementary Education, Ohio University.

Jessie VanDyne — Waitress, Jiffy Burger Drive-In, Bloomington.

Glenna Watkins — Wilmington Beauty School.

Bob Riley — Working in Columbus.

Jack Stultz — Plans to join the Coast Guard.

Thelma Knisley, Patty Smith and Ella Winfield — at home.

Pattie Weaver — Dayton Beau-tician School.

Onions and asparagus are both members of the same family as the lily.

St. Peter's church, in Zurich, Switzerland, has the largest clock dial in Europe.

Navy Jet Uses Superhighway For Takeoff

CHILLICOTHE, Ohio (AP) — The U. S. Navy finally has its jet airplane back safely in Columbus, courtesy of the Ohio Department of Highways and assorted police officials.

The jet trainer, piloted by Lt. Jack Styfield, used the broad concrete ribbon of U. S. 23 as a runway and flew off without incident. The takeoff point was about four miles north of Chillicothe, not far from the Pickaway County line.

A score of police officers held back traffic as hundreds of spectators lined the highway for the takeoff.

The craft landed at the Sky Park Airport a mile north of here last Friday when it ran short of fuel. The problem: The airport was too small to allow for a safe takeoff.

The Highway Department and highway patrol agreed to the idea of using the superhighway for the takeoff. After days of indecision, Navy officials decided to remove part of the craft's tail—because of a low overpass along the route—and truck the jet to the takeoff point near the patrol's post. After reassembly, the plane took off.

Brown & Brockmeyer Retools for New Line

By DON BANDY
Washington C. H. industries are really growing.

The latest to expand is the Brown & Brockmeyer Co., 1110 Lakeview Ave.

Joseph E. Daugherty, manager has announced that the company is retooling to include in its production of electric motors, the manufacture of radio-controlled garage door operators.

The new product came about here, Daugherty explained, when the company headquarters in Dayton decided to change operations for the Wilmington plant.

For the past two years, Wilmington has been producing the door operators, but the entire production of this item will be transferred here. The Wilmington plant is to make other products.

The equipment for making the door operators is being moved here from Wilmington. Daugherty said he hopes to have the machinery set up within a month and in production by that time.

EQUIPMENT being received from Wilmington includes an automatic screw machine, three bore-matic machines for boring bearing houses, two four-spindle drill presses for drilling and tapping, a balancing machine and an automatic lathe.

In addition to the added new line, the plant here will continue to make electric motors ranging from quarter horsepower to 10 horsepower.

Daugherty said that the complete motor is manufactured here as will be the garage door operator. He added that the door operator may either be controlled by radio or by hand. When finished, the operator will be ready to hook onto any garage door.

"We make about 100 different types of motors which are used mostly for industrial purposes," Daugherty said. The motors are shipped all over the United States. The company even does some exporting.

DAUGHERTY said that when the motors are packaged here, most of them are sent to the Dayton plant for distribution. He added that some are shipped to buyers directly from Washington C. H.

Equipment used here in making the motors include four turret lathes for turning dowls on casting, automatic lathes, drill presses and grinder lathes.

"Business is really good and picking up all the time," Daugherty said. He stated that seven of the present 45 employees have been added in the last month and a half.

As for an increase in employment with the new product, Daugherty said he couldn't say since he doesn't know exactly what will be needed yet.

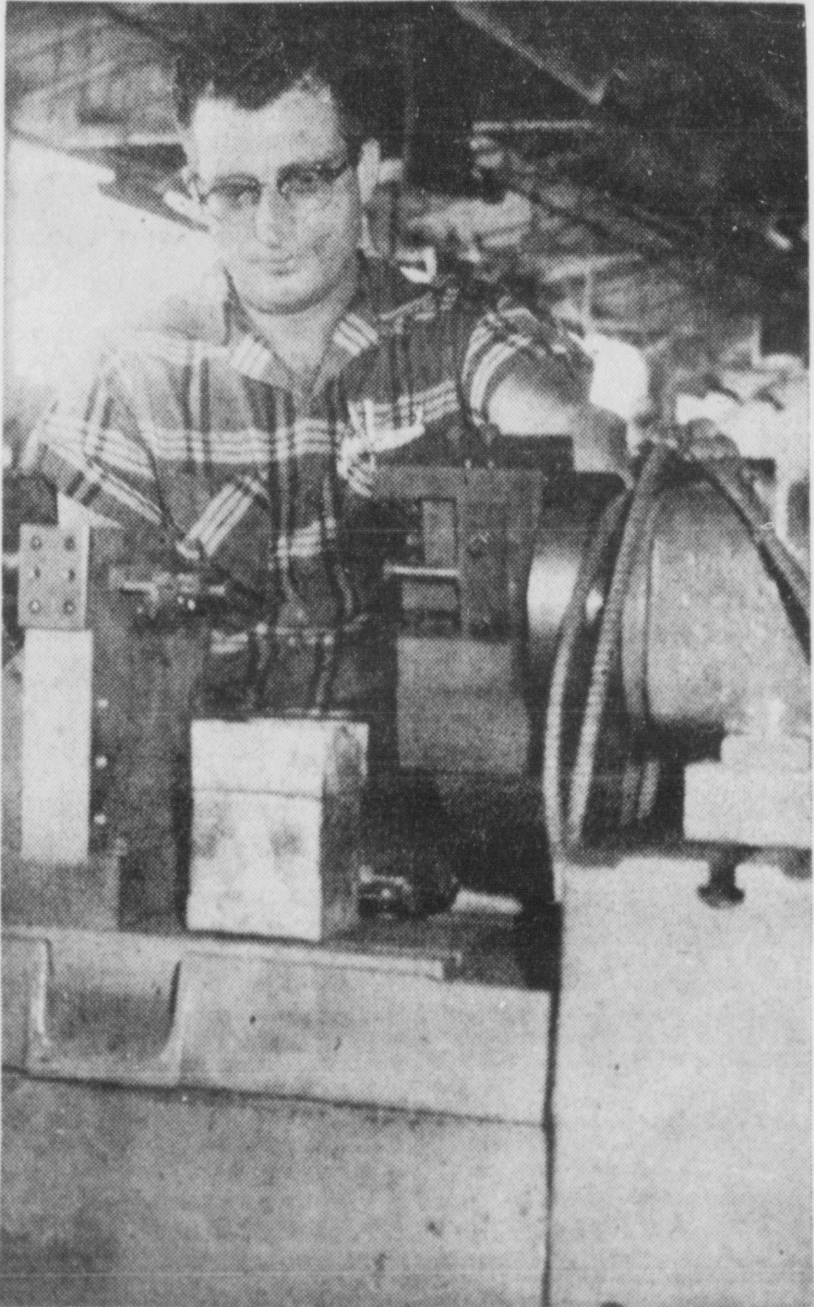

He explained that the making of the door operators will be run right in with the making of the motors and that the only thing which might mean more employment is that the door operators will have to be assembled and packaged separately. Chances are, more work might be added.

THE PRINCIPLE of the door operator is very simple, Daugherty explained. It is controlled from inside the car, and all that needs to be done to open the door is to push a button that is located on the car's dash.

Daugherty said that there is a small receiver on the garage which is hooked up to the button on the dash, both operating on the same frequency.

The operator can also be controlled manually. That is, instead of having it hooked up to the car, there is a switch placed on the garage right beside the door.

"There is nothing definite on a new building or an addition to the old one," Daugherty commented. He added that information on that would have to come from Dayton.

CHECKS EQUIPMENT — Joseph E. Daugherty, plant manager of the Brown & Brockmeyer Co. here, checks a bore-matic machine which was moved here from Wilmington so that the plant could begin producing radio-controlled garage door operators.

The building here is 258 feet long and 60 feet wide.

IN EXPLAINING the pickup in business, the manager observed that motors are more a less a seasonal product. In the fall, farmers buy more motors to install on their farm equipment.

Around 1,100 motors will be made by the company this month. Normally, the output runs around 850 with the daily production approximately 50.

Brown & Brockmeyer has been producing around \$55,000 worth of products here a month and with the new job, it will jump

to \$75,000.

During the past months, Daugherty said, the payroll was between \$10,000 and \$11,000 a month, but now it is probably closer to \$12,000 a month.

THE BROWN & BROCKMEYER plant here was built in 1946 and operations were started in early 1947. The company has factories in three cities — here, Wilmington and Dayton, the headquarters.

Daugherty, who is 35, has been manager of the plant here since 1954. A native of Greenfield, he first went to work for Brown & Brockmeyer in Dayton in 1941.

He was in the service from 1943 to 1946, and then came back to the Dayton plant. He also worked in the Washington C. H. plant as a chief inspector and assistant manager before being named manager.

Daugherty now lives in Good Hope. He is married and the father of two boys and two girls.

County Court Has Backlog Of 121 Cases

A total of 121 cases were pending in Fayette County Common Pleas Court at the end of August—five more than at the end of July.

Of the number now pending, 108 are civil actions, including 56 domestic relations cases, and 13 are criminal actions.

Thirteen civil cases — five of them involving domestic relations, were disposed of during August. During the same period five new domestic relations cases, nine other civil actions and four criminal cases were brought into court.

Three civil actions were tried to the court during the month, four cognovit and default judgments were issued, and six other cases were settled and dismissed. Five of the dismissals were domestic relations cases.

One traffic point case was handed during the month.

Five Fayette County cases were pending in the Second District Court of Appeals at the end of August. Two new actions were filed during the month, and there were no dispositions.

Forty of the civil actions now pending are scheduled for trial, either to the court or to a jury, during the next three months.

Seven Claims Filed Here for Jobless Pay

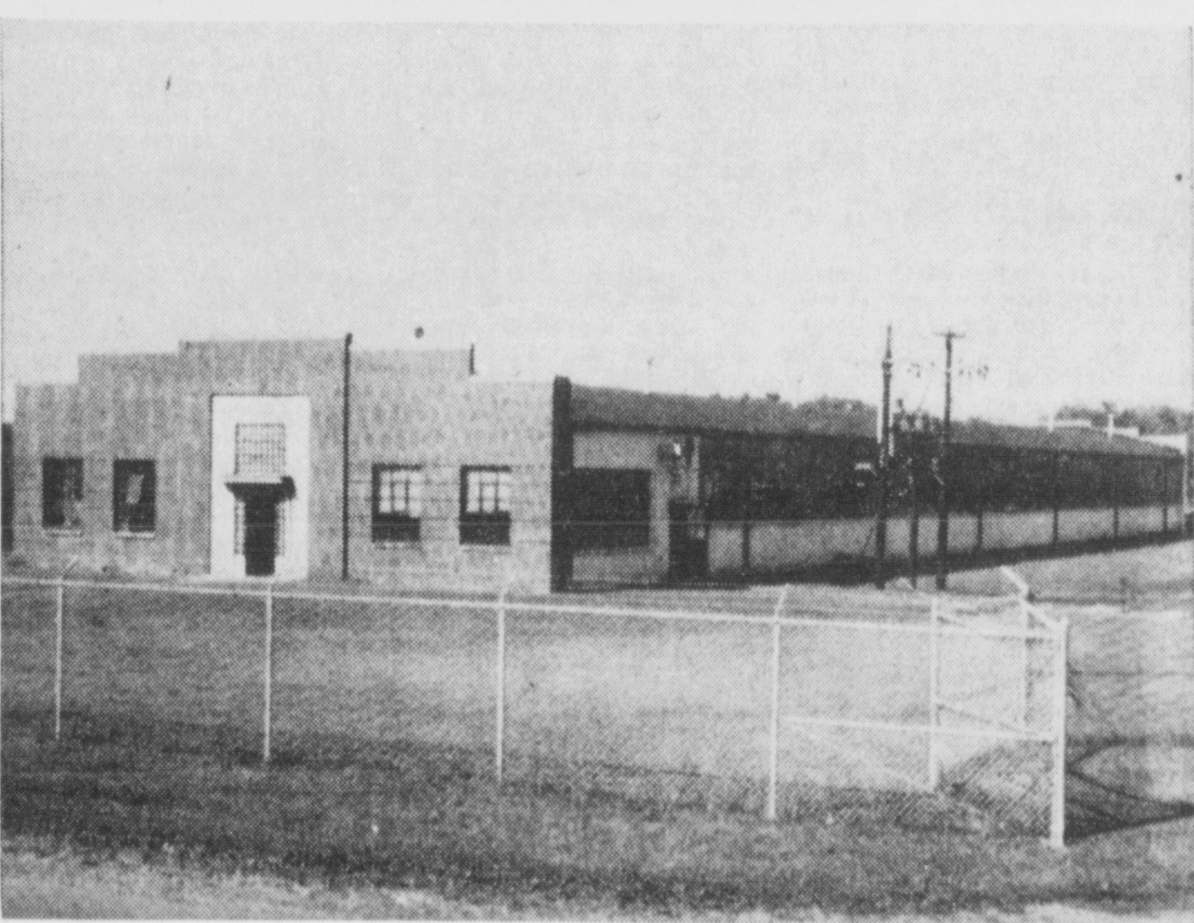

New claims filed for unemployment compensation held in Fayette County steady for the week ending Sept. 6, according to figures released by Mrs. Matilda Jo Smith, manager of the Washington C. H. office of the Bureau of Unemployment Compensation.

Seven new claims were filed last week. This is the same number filed the prior week.

Continuing claims were on the downward trend last week when 195 were filed. This is down from the 213 made the week ending Aug. 30.

New claims filed under the extended unemployment compensation were less than half the figure for the week before. Four were made last week, compared to nine for the week before.

New unemployment claims filed in the entire state veered upward

BROWN & BROCKMEYER CO. — This is the plant in Washington C. H. at 1110 Lakeview Ave. where electric motors are made. The plant here will start producing radio-controlled garage door operators. The building is 258 feet long and 60 wide.

WINDING DEPARTMENT — This is the winding department at the Brown & Brockmeyer Co. plant here where stators and armatures are wound for the more than 100 different types of electric motors, ranging from a quarter to a 10-horsepower, produced by the company.

Bricker Shuns Talk on Union Shop Ban Plan

TOLEDO, Ohio (AP)—Sen. John W. Bricker refused yesterday to take a stand now on the proposed anti-union shop issue which will be put before Ohio voters Nov. 4.

But he promised in an interview that he would "discuss it fully and quite soon" in relation to "the entire labor situation."

In Columbus opponents of a proposal to ban the union shop in Ohio formed a new committee today.

The Committee to Defeat State Issue No. 2 obtained a non-profit corporation charter from Secretary of State Ted W. Brown.

Announced purpose of the com-

mittee is work for the defeat in the Nov. 4 election of a proposal to in the state constitution.

Trustees of the new committee are Philip R. Bradley, an attorney; Henry E. Worley, a real estate man, and Dr. John Heffelfinger, all of Columbus.

A committee to work for approv-

al of the amendment was incorporated Tuesday by a group headed by Rep. Elton Kile, (R-Madison), a sponsor of Ohioans for Right to Work, Inc. that placed the proposal on election ballots.

Wide Variety of Law Violations Lands 160 in Court Here in August

Speeders and reckless operators were the most frequent traffic law violators appearing in Municipal Court here during August, records in the clerk's office show.

Speeders were the most numerous, with 58 of the 160 cases on the August docket in this category. Eighteen other drivers were cited for reckless operation.

Forty-seven of those cited pleaded guilty and 68 others forfeited bonds. Not guilty pleas were entered by 22 and seven persons were bound over to the grand jury for more serious offenses.

One fine was suspended by Judge Max G. Dice on condition that the offender leave the city and not return. Another was suspended on the man's promise not to drink any alcoholic beverage for a year.

Of the others to face the court, 15 were charged with intoxication, seven with running red lights, six with assault, six for driving without an operator's license, six for failure to yield the right of way while driving, three for running stop signs and six for disorderly conduct.

Other charges appearing on the court records included illegal dumping of trash, assaulting a minor, passing without assured clear distance, illegal passing, crossing a yellow line, breaking

and entering, following another vehicle too closely, excessive noise permitting an unlicensed driver to drive a car, leaving the scene of an accident, driving an unsafe vehicle, insufficient brakes and destruction of property.

Other persons appeared in court to face charges of permitting a minor to drive a car without a license, writing a check without sufficient funds, intent to defraud, resisting arrest, and three cases of forgery.

Three drunk drivers lost their driving rights for a year during August.

Ohio Idle Pay Total Shows Sharp Decline

COLUMBUS, Ohio (AP) — The number of Ohioans collecting unemployment benefits took an abrupt drop of 12,517 last week, the Bureau of Unemployment Compensation (BUC) reported today.

All of the drop was registered among those collecting regular benefits, from 136,507 the previous week to 123,978 in the week ended last Saturday. During the week, 4,467 claimants exhausted their 26-week period of regular benefits.

But, during the week, there was an increase of only 602 in the number collecting special benefits under the temporary program adopted by the Legislature. The total on the special rolls last week was 61,715.

The combined total of those collecting benefits—both regular and special—stood last Saturday at 185,693 compared with 197,610 at the end of the previous week.

Several sizable drops in those receiving regular benefits were recorded in major employment areas: Cleveland, nearly 5,000; Akron, nearly 1,000; Canton, more than 600; Dayton, nearly 1,500.

New claims last week for regular benefits numbered 14,287, an increase of 1,000 above the previous week, but still at least 2,500 below the weekly average of the last month.

Natural Radiation in Food Varies, British Science Finds

GENEVA (AP)—What you eat today can be hundreds of times more radioactive than your meals of yesterday, or tomorrow.

That's because some foods naturally contain more radioactive thorium and radium than others, three British scientists said today.

Some nuts, including Brazil nuts, and some cereals are generally much "hotter" than meats, fruits and eggs, and milk, Drs. W. V. Mayneord, J. M. Radley and R. C. Turner of the Royal Cancer Hospital, London, told the atoms-for-peace conference.

All this makes up part of the normal, background radiation that everyone lives with. Plants take up tiny amounts of the naturally existing thorium and radium in the earth. Animals eating plants consume some of it, too.

But foods apparently can be a main source of daily intake of radioactivity, and this "completely overshadows" the intake from milk and water, hitherto often supposed to be the main sources, the report said.

This is based upon careful tests of all the food eaten for one month by one 4-year-old boy, and so is an indication only at this stage.

Samples of everything the boy ate were measured for Alpha ra-

diation from thorium and radium. Amounts of this radioactivity excreted from his body also were measured.

About 10 per cent of the radioactivity stayed in the body. "Two persons on apparently normal diets may differ in total radioactive intake by factors of many hundreds," the British scientists said. "This makes the variations of Alpha activity observed in the human skeleton hardly surprising."

Alpha radiation is the cores of helium atoms, emitted by radioactive thorium and radium.

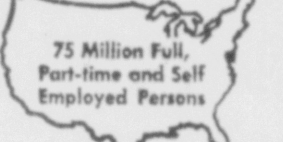

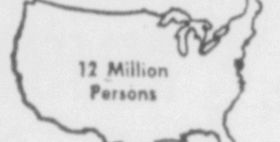

Brazil nuts contained about 1,400 times more Alpha radiation than cheese and eggs, and milk, while vegetables, meats and fruits contained still less than cheese, they said.

Cereals ranked second with 60 units compared with 1,400 for Brazil nuts on their scale measuring the infinitesimal amounts of radioactivity. Teas had 40 units, liver and kidney 15, flours 14, peanuts and peanut butter 12, chocolates 8.

Centuries ago in Europe, gentlemen who were heavy drinkers had personal drinking cups that they took to the tavern each night and to their graves when they died.

TAKING STOCK OF MOSCOW—Cleveland industrialist Cyrus Eaton is shown prize sheep at a bedecked gent at a Moscow stock show. Eaton and his wife are on a tour of Russia.

90 MILLION PERSONS AFFECTED—The new Social Security bill signed in law by President Eisenhower directly affects the pocketbooks of nearly 90 million Americans. Main points of the law, which boosts benefits seven per cent and ups taxes on workers and employers by more than \$1 billion a year, are shown in the chart. (Central Press)

AUCTION!

We are moving to Florida and will sell at auction our residence and the following household goods in Frankfort, Ohio, on East High Street.

THURSDAY, SEPT. 25
BEGINNING AT ONE O'CLOCK

RESIDENCE PROPERTY
Good modern frame house of ten rooms and two large halls (five rooms and bath down and five rooms up), basement with hot water furnace, hardwood floors and oak woodwork throughout. Lot of large closets. Metal shingle roof and gutters all in good condition. Entire house all in good repair. City water and sewage system. Nice yard and large lot 75x140. Six large maple trees afford plenty of shade. Good garage and work shop; also storage house.

This residence would make a good duplex; also ideal rest home and has been state inspected.

Located on Route 35 in nice residence neighborhood. This is a desirable property for a home or an investment. Must be seen to be appreciated. Inspection any day after 10 A. M. before sale day.

Terms — \$1500.00 deposit at time of sale and balance to be paid on delivery of deed on or before October 16, 1958. Possession October 20, 1958. For further information contact the owner or auctioneer.

HOUSEHOLD GOODS

A 3-piece parlor suite; solid oak library table with desk; Behning piano and stool; Morris reclining chair; rocker and straight chair; several stands; electric heater; solid oak 8-piece dining room suite in A-1 condition; oak library table; oak flower pedestal; Frigidaire gas range; Frigidaire 9-ft. refrigerator; all A-1; three 9x12 rugs; 12x12 rug; 5-ft. hall runner and several throw rugs; two hall racks; floor lamp; table linen; new aluminum roaster; electric toaster; electric iron; Hoover sweeper; Maytag electric washer; thermos jug; Rayo oil lamp; leather couch; iron bed; steel couch; electric fan; three pairs pillows; comforts and other bedding; complete set of LaBelle china dishes (service for 12); high chair; TV table, and large lot of miscellaneous dishes and cooking utensils.

ANTIQUES—Walnut clock, 7 feet high with weights; walnut flower pedestal; walnut stand; 7-pc. toilet set; four walnut chairs; round bedroom table; doll; child's rocker and table; sofa; lot of pictures; Jenny Lind bed; dishes; two dozen etched glasses; molasses jug.

MISCELLANEOUS—16-ft. extension ladder; hand lawn mower; step ladder; pitcher pump; lot of hand tools, shop tools, and miscellaneous articles.

Terms — Cash. Not responsible for accidents. Wayne DeLong, Clerk

Integration Delay Seen Lesser Evil

LITTLE ROCK, Ark. (AP)—The Arkansas Gazette said in an editorial today that there is no alternative to permitting a delay in integration here except the kind of federal enforcement "that would amount to something very like a new Reconstruction."

The newspaper, which won the Pulitzer Prize for its locally unpopular stand during the integration crisis of last fall, said "no one can doubt that the alternative to delay is chaos in education of a duration no man can now foresee."

Executive Editor Harry S. Ashmore, wrote the editorial, said "this newspaper said in its first comment on the 1954 Supreme Court decision that the great task ahead would be to find a way to prevent serious and sustained

damage to the public school system while finding means by which the South would comply with the new public policy—and we have bent our own efforts to that task. Our view across the South, have failed. There is no way for the time being at least, to obtain such compliance without doing serious and perhaps irreparable harm to the system of public education upon which our children, colored no less than white, are dependent."

The editorial said that the effect of a delay this week by the Supreme Court would be to halt desegregation in the resisting states for the foreseeable future. But the Gazette took the position that this would be preferable than the alternative which it said would damage education for all.

Good Hope Grange Holds Booster Night

GOOD HOPE — Booster night was held Tuesday night by the Good Hope Grange when it met in the Wayne Hall here.

Several prospective new members and other guests were there for the event, which opened with a covered dish supper.

For the program, Mrs. Roy Wipert, was the main speaker. Her topic was "Music and Different Kinds of Music."

Roy Wipert led in group singing with Mrs. O. E. Bonnell at the piano.

Master Glen Whittington gave the welcome.

Miss Georgia Clifton sang "Little Gray Home in the West" and "A Little Bit of Heaven," accompanied by Miss Joy Hosler. Tish and Linda Kellenberger, Karen Thompson and Margaret Best sang "Whispering Hope" and "In the Garden." They were accompanied by Mrs. Eugene Thompson. The men of the Grange put on a pantomime skit, "Romance at the Old Bar-O." Taking part were Earl Rea, Neil Rowland, Glen

Atomic Device Slated For Test on Balloon

LAS VEGAS, Nev. (AP)—An atomic device will be detonated from a balloon this month to launch the Atomic Energy Commission's fall nuclear test series.

Next on the AEC's schedule will be a balloon shot sometime after Sept. 20, followed by a shot from a 50-foot tower in October. Underground detonations are also planned for October.

People . . . Places . . . and Things

Round about Fayette County

By B. E. KELLEY

Many unusual people take part in the meetings of the Central Ohio Gun and Indian Relic Collectors Assn., held here every two months.

Business and professional men and industrialists have hobbies of collecting, buying, selling and trading guns and other items, and they welcome the meetings here as one way of relaxing and enjoying visiting with others who have the same interests.

For instance the police chief of Cincinnati, Charles W. Fritz, is invariably present with a varied collection as well as other police officials from various points. Mrs. Fritz usually helps her husband in his booth.

One of the regular exhibitors is Maj. Robert Lee Oakley, 401 Tawanda Circle, Dayton. He usually is assisted by Mrs. Oakley who also has a wide knowledge of guns and accessories.

Maj. Oakley is a quiet, unassuming man, who not only knows guns and always has many top pieces, but is assigned to Wright Field and is internationally known as a parachute expert.

In fact he is THE man who perfected the parachute used by the U. S. Air Force for mass troop drops. Much of the old hazard in dropping men and material has been eliminated by his work.

Maj. Oakley himself has made many parachute drops, testing his inventions to further the safety of Air Force men generally, and has been given recognition for his outstanding achievement. He has been with the Air Force since 1934 and is now on the reserve list.

Within a short time Maj. Oakley will go to New York to receive the coveted Leo Stevens Award as the man who has done most for the safety of airborne troops and airmen generally.

One of the top generals of the military force will present the award.

The award includes a bronze medal, on one side of which is a parachute and pack, and the other is inscribed with the name and the nature of the achievement.

Maj. Oakley and wife are known to gun collectors throughout this area, and they rarely miss a meeting.

GOP Leader To Head Group For DiSalle

CLEVELAND (AP)—Plans for a statewide Republicans for DiSalle Committee were announced here Wednesday by Morton S. Zaller, a Cleveland attorney and former Republican member of the Cuyahoga County Board of Elections.

His announcement followed a meeting with Michael V. DiSalle, the Democratic nominee for governor in the November election.

Zaller assailed Gov. C. William O'Neill, who is seeking re-election, as an "overly - ambitious fellow who thinks only of his own welfare and future."

He told newsmen he was still a good Republican but reserved the right to do what he thought was best for the state and the people.

"I just feel that Gov. O'Neill hasn't done a good job and that DiSalle will," Zaller said. "I feel that O'Neill has been a weak governor who has produced little results."

He was especially critical of the governor's plans for a series of breakfasts, teas and coffee hours in the Cleveland area.

"Is that all he has to offer Cleveland voters at a time when the state and the nation are facing vital economic and welfare problems?" the attorney asked.

DiSalle spent the day here meeting with party leaders and supporters. He said he welcomed Zaller's support as an act of good citizenship.

New Luxury Auto To Be Shown Oct. 10

CLEVELAND (AP) — Here on Oct. 10 the chassis of a new, precision automobile Argonaut, built by the Argonaut Co., is scheduled to have its world premiere. The Argonaut will be priced at from \$17,000 to more than \$20,000.

Seven models of custom aluminum bodies will be built by two Italian firms, and the chassis will be shipped from here abroad for body mounting.

Richard S. Luntz, 38, of Cleveland, president and board chairman of the Argonaut Co., predicts the Argonaut will run "30, 35, 40 years—indeinitely."

Brass piping instead of rubber hoses are used from engine to radiator; hydraulic brake linings are of stainless steel, and stainless steel is used in the exhaust and muffler system and the honey-combed gas tank. The frame, Luntz said, is about three times as strong as that of any other motor car.

He wouldn't give a horsepower figure for the V-8 engine, but described it as "very high."

"We built everything the public who could afford it would want," Luntz said. "We refused to put a figure on it until it was completely designed. . . ."

"We did not try to build the best car in the world, but only the finest we knew how to build. If it turns out to be the finest in the world, we would be very happy."

Truman To Speak To Ohio's Dems

COLUMBUS, Ohio (AP)—Democratic state headquarters announced Wednesday that former President Harry S. Truman will take part in the Ohio election campaign Oct. 4.

Truman will address a party rally in the Deshler-Hilton Hotel on that date.

Featured on the program will be Rep. Michael J. Kirwan, (D-Ohio) chairman of the Democratic Congressional Campaign Committee.

The presence of Kirwan, of Youngstown, is intended to give the Democratic campaigns for Congress a boost in Ohio. Michael V. DiSalle, Democratic candidate for governor, and other party nominees will take part in the rally.

left in huge piles. Wherever a "set" was made in a field, a stationary baler, with a crew of several men forked the straw from the pile into the baler and one man was kept busy wiring the bales and dragging them back from the machine. These balers were operated by a steam engine.

Now the power balers pick up the straw from the rows, bale it on the move, wire and deliver the bales into a truck (in many instances), thus eliminating a great deal of manual labor.

"MADSTONES" FOR RABIES

It has been more than 50 years since "madstones" were used to counteract rabies and other poisonous bites of animals. The stones were about the first thing thought of when anyone was bitten by a rabid dog.

"Madstones" were few and far between and in some instances they were taken for a long distance to treat the victims.

At that time most people had faith in madstones, but I have always been skeptical as to their merits in preventing rabies. The method used in treating bites might have been successful in some instances however.

"Madstones" were supposed to come from the stomach of deer and were somewhat porous.

They were placed in hot milk until thoroughly saturated, and then applied to the wound and bandaged there. Hot milk was poured over the stone and bandaged for some time. The stone was supposed to draw out the poison and kill the germs. Snakebites also were sometimes treated in this manner.

Webster says that a "madstone" is "A stone popularly supposed to counteract the poison from the bite of an animal", which, of course, does not say the stone had any value whatsoever.

Louis Pasteur (1822-1895) the great French chemist, discovered his treatment to prevent rabies in July 1885, and opened the "Institut Pasteur" in 1888. His treatment to prevent rabies has been successful in all but a fraction of one per cent of all cases treated.

The "madstone" then passed out of use and has rarely been heard of since. It is only recalled as one of the early ways of treating infection from hydrophobia.

STRAW STILL RICKED

There is still a great deal of baled straw in the rick in Fayette County, awaiting the time it can be hauled to the processing plant in Circleville and be converted into "strawboard" for making paper cartons.

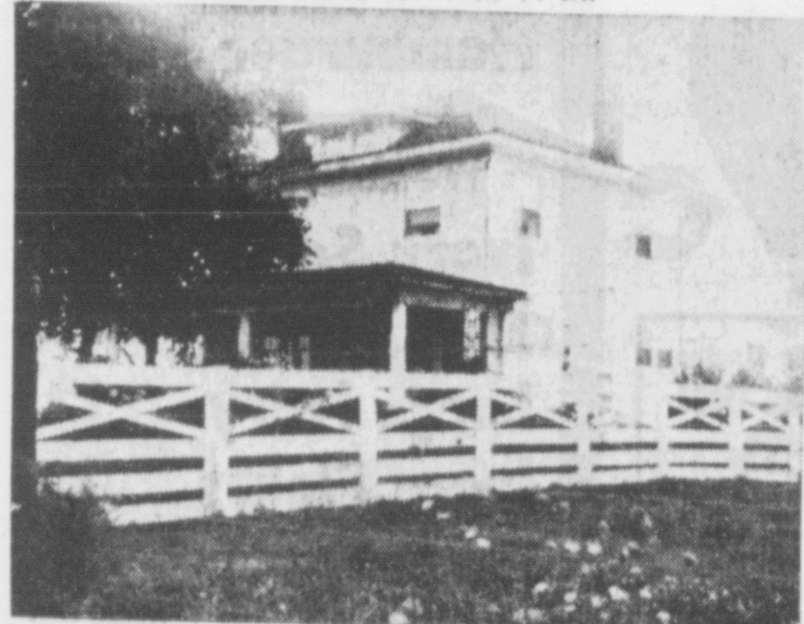

In some instances a dozen truck loads, possible more, are in a single rick and have never been protected from the weather.

Moving straw to the Circleville plant starts as soon as wheat harvest arrives. The stubble is cut and all of the straw baled by a power baler while on the move. It is either left scattered in the fields until it is hauled away, or ricked and left to be hauled at a convenient time, weeks or months later, when there is more storage room at the factory.

Thousands of tons of wheat and straw are baled and hauled in Fayette County every year. The days wheat, oats and barley were threshed by the old time outfits, and the straw was

AUCTION!

100-ACRE FAYETTE COUNTY FARM AND PERSONAL PROPERTY
SATURDAY, SEPT. 27,
BEGINNING AT 1:00 P. M.

LOCATED—Seven miles north of Washington C. H., one and one-half miles northeast of Bloomingburg and State Route 38 on White Oak Road in Fayette County, Ohio.

Business Fails, But Boy, 9, Starts Over

BEVERLY HILLS, Calif. (AP) — Arthur Robbins' latest business venture has been in the black from the start—three weeks ago. Young ideas did it. He's 9.

Careless customers drove Arthur out of the lemonade trade. They broke too many glasses. So now he's got an amusement park. With permission from his mother Rose Robbins, Arthur and four youthful partners converted the back lawn into a busy midway.

For 3 cents, you can play ping pong, throw darts or take the "scare ride." For 8 cents you can swim in the portable pool. But you have to furnish your own towel.

If you've a dime, you can try the miniature golf course, most recent addition to the park.

The scare ride, the boss' pet project, consists of a speedy trip about the premises in a wagon with Arthur and a partner providing the speed fore and aft. Spookiest part is passage under the Golden Gate Bridge—an elevated barbecue table.

Disneyland isn't hurting from

Ohio's Aged Dole Tops \$1 Million

COLUMBUS, Ohio (AP) — Payments for health care of old age pensioners in August exceeded a million dollars for the first time in a single month.

State Auditor James A. Rhodes reported the record total of \$1,135,350.

He sent regular pension checks to 90,195 recipients for a total of \$5,305,939. Rhodes said the number of pensioners was the smallest since August of 1956. During the month of August 820 pension cases were cancelled by death, and 112 for other reasons.

GOP WOMEN MEET

The Pickaway County Women's Republican Club met recently at home of Mrs. Merton Tootle, S. Church St. Sixty members, friends and candidates attended, with a casserole luncheon served at 12:30.

The business meeting opened with prayer by Mrs. James Greenwood, corresponding secretary. Miss Betty McCoy lead the Pledge to the Flag followed by group singing of "America." Mrs. Joseph Work gave the secretary's report and Mrs. Wilbur Gillespie gave the treasurer's report.

Mrs. H. O. Caldwell, president, introduced the candidates. State Sen. David E. Morgan explained "The Right to Work Bill," which is to be voted on by the people in November.

Dwight Walters spoke in behalf of William Saxbe, attorney general. Also present was Clarence Maxson, candidate for Pickaway County commissioner, and a letter was read from Mrs. Elmer S. Barrett, wife of the Sixth District congressional candidate.

COUNSELOR RETURNS

Mrs. Glenn A. Robinson recently returned from Jacksonville, Ill., where she was a counselor of girls at the MYF Workshop which was held on the campus of MacMurray College. One hundred and fifty delegates from nine states which comprise the North Central Jurisdiction of the Methodist Church attended this workshop where both youth and adults studied the problems which are facing the youth of today.

AT VETS' CONVENTION

Mr. and Mrs. Oscar Flack Front St., and son Walter, of East Fultonham, went to Canton, recently where Mr. Flack attended the 36th annual reunion of the 332nd Infantry Assn. of which he is a member. On Saturday afternoon, they witnessed the parade of the Grotto, which was holding its 34th State convention in Canton. Elwood Rupert of Columbus, also a member of the 332nd, accompanied them to the convention.

Ruth Ann Sheeley called the roll and gave the treasurer's report. Ruth Ann gave a final report on the ice cream social which cleared \$59.72. This brings their MYF fund to a total amount of \$70.

The meeting closed with MYF benediction.

Refreshments were served by the following members: John and Jackie DeWeese, Francis, Vernon and Rodger Klontz, Kathy Allen, Hugh and Marcella Zimmerman, Judy Blair, Joan Jarvis, Linda Young, Glenn Rankin, Charles and J. P. Morgan, Rev. Jarvis, the hostesses and their mother, Mrs. John Sheeley.

HD GROUPS MEET

Miss Irene Netz, nutrition specialist from Ohio State University, gave an outdoor cookery lesson to members of the Fayette County Home Demonstration groups when they met at Community Park for an all-day session.

Mrs. Willis Fent and Mrs. Russell Klontz represented the Jasper Home Demonstration Club at this session.

PERSONALS

Mr. Stanley Marsh, of South Solon, visited Saturday evening with the Rev. and Mrs. Richard Jarvis.

Mr. Robert Speakman, Xenia, was a recent dinner guest of his mother, Mrs. Harry Hiser, and Mr. Hiser.

Mr. and Mrs. Hoyt Bock were Sunday guests of Mr. and Mrs. Edwin Clark and Mrs. Grace Collins of Fairborn.

Mr. and Mrs. Bobby Lee Creamer, of Columbus, were weekend guests of Mr. and Mrs. Robert Creamer and family.

Mr. and Mrs. Malcolm Gault were Sunday guests of Mr. and Mrs. Paul Gault, of Good Hope.

IN CINCINNATI HOSPITAL

Wendell Bryant, a former resident of this community and who until recently owned a grocery store near Plano, is now a patient in U. S. Veterans' Hospital, Cincinnati for observation and treatment.

Mrs. Bryant and children are living with her parents, Mr. and Mrs. Frank Smith, of Dayton. Mr. Bryant's address is: Wendell Bryant, Ward 4, 3200 Vine Street, Cincinnati, Ohio.

HOPE SENDS PHOTOS

Misses Linda and Diana Eckle are convinced that Bob Hope is a really great guy and a man of his word. A few weeks ago, they made a phone call to Bob in Hollywood during which he promised to send them three autographed pictures for themselves and for their cousin, Miss Aleah Raymond, who was visiting them from Rosewell, N. M.

Last week the three photographs were received bearing the inscription on each, "Thanks for the Memory, Bob Hope." The girls probably will never forget their thrilling experience of the phone call, but they are pleased to have such a nice memento of the occasion.

HONORED ON BIRTHDAY

Larry Ankrom was honored on his seventh birthday recently with a hamburger fry held at his home by his parents Mr. and Mrs. Joe Ankrom of School St.

Games were enjoyed, with prizes being awarded to Bryan Felmet and Gary Rohrer. Favors of small books and balloons were given each child.

"Happy Birthday" was sung by the group as the honored guest blew out the candles on his decorated birthday cake, after which ice cream and cake were served to the following guests:

Mr. and Mrs. Hugh Dennis Jr., and daughters, Sylvia, Debbie, Susan and Ellen, of Greenfield; Bryan Felmet, of Steubenville; Mr. and Mrs. Maynard Oestler and children, Melanie, Dolores, Marjorie and Diane, Mr. and Mrs. Glenn Woods and children, Glenna Jo and Neil, Gary Rohrer, Eddie Morrow, Gregory Shaw, and the honored guest's brother, Pat, and sister, Pam. Johnny Rowland, who was unable to attend, sent Larry a novelty gift from Tennessee.

State Fair Finance Aide To Be Named

COLUMBUS, Ohio (AP)—Ohio's 1959 state fair will have a financial officer.

Dr. James R. Hay, director of agriculture, made that announcement yesterday. At the same time he said the resignation of Harry G. Dotson, assistant fair manager, was a closed matter.

Hay said reorganization of the state fair division will include changes in every department except those handled by D. Robert Jones, manager, and Jeff Keiras, in charge of junior fair activities. Hay said it would take three weeks to complete an investigation into what he said were many rumors and complaints reaching his desk. These include complaints from concessionaires objecting to paying for space on a percentage basis.

Hay said that for some reason "which I intend to determine," liaison between the respective administrative offices of the fair broke down during the 1958 event.

Hay said it was not his intent that Dotson be removed from the fair's official family. He said that under planned reorganization Dotson could have remained in a different capacity.

Dotson's resignation came after he had been relieved of his duties as assistant manager.

Army Aide Is Certain U.S. Fleet To Stay Put

RYE BEACH, N.H. (AP)—Dewey Short, assistant secretary of the Army, says he is "damned certain" the United States will not withdraw the 7th Fleet from Formosa.

Short spoke before the New Hampshire Automobile Dealers' Assn.

GRANDMOTHER AT 30—Mrs. Evelyn Caldwell looks proudly at her daughter, Mrs. Shirley Everhart, as Mrs. Everhart holds her new baby in Winston-Salem, N. C. The baby makes Mrs. Caldwell a 30-year-old grandmother. She was married at 10, a mother at 13. Shirley was wed at 16.

Deep South Awaits Decision By Court on Integration

By THE ASSOCIATED PRESS

The U.S. Supreme Court convenes in a momentous special session today to decide the speed of integration at Little Rock, Ark., Central High School.

The decision may affect the lives and customs of millions of Southerners for it is expected to spell out the Supreme Court's mandate calling for desegregation in the nation's public schools with "all deliberate speed."

The question is whether the court will allow more time or whether it will call for action now.

The Little Rock School Board contends resumption of integration at this time would mean a return to "bedlam, turmoil and chaos" and the destruction of the school system. Integration at Central High last year brought on violence, riots and the use of troops.

The National Assn. for the Advancement of Colored People says that threats and even open public resistance are not valid reasons for denying Negro pupils a constitutional right to attend mixed schools.

Only one demonstration occurred in the South Wednesday. Police and sheriff's deputies escorted three Negro children through a blockade set up by 10 women at the Pride Avenue Elementary School at Madisonville, Ky., then arrested two white men and two Negro men.

Several U.S. deputy marshals were across the street at the time as observers. Justice Department officials in Washington said they believed this was the first use of

deputy marshals in connection with school integration.

In the North, about 60 white and Negro mothers marched on the city hall at Buffalo, N.Y., and asked the Board of Education to suspend classes in Buffalo schools for one day in sympathy with mothers in Little Rock fighting for school integration.

The mothers were members of an organization called "Mothers Alliance to Stop School Segregation." The board said it would consider their request.

In New Orleans, five additional Negro students registered as freshmen at Louisiana State Uni-

versity, bringing to seven the number of Negroes now enrolled. A federal district court ordered their registration.

At Nashville, Tenn., the State Board of Education gave Memphis State University permission to delay admission of Negroes until next year.

An NAACP attorney at Van Buren, Ark., asked a federal court to order the Van Buren school board to carry out its gradual integration plan at the high school.

A boycott by white pupils kept 13 Negroes away from classes at the school Friday.

Permits Issued for 6 Homes And \$32,500 Service Station

Building permits for construction estimated at \$142,850 in Washington C. H. were recorded in the city auditor's office during the last six weeks. Six of the permits recorded in August were for homes valued at \$106,000.

Of the 15 permits issued, seven were for new homes, five for garages, one for a new service station and two for additions to homes.

The \$32,500 permit for a service station at 101 N. Hinde St. was issued to the Wertz Shoop estate.

A permit for a \$1,000 bedroom and bathroom addition to a house at 529 Carolyn Rd. was issued to Oat Gilmore.

Permits to build \$600 garages were issued to James M. Striten-

berger, 903 Broadway, and Norman F. Boop, 532 Albin Ave.

Other permits for garages, all detached from the main building, were issued to Lawrence Alexander, 907 Broadway, \$400; Harlan D. Baird, 324 Ely St., \$800; and Roby Price, 224 Oakland Ave., \$750.

Howard Burnett, 724 Carolyn Rd.

4 States Get Brunt of Polio

Detroit May Get Tag Of Hardest Hit City

NEW YORK (AP)—Four states — Michigan, Texas, Florida and California—are taking the brunt of this season's polio attack, and late reports indicate that Detroit may be the hardest hit city.

However, over-all, the United States may be experiencing a record low year for the post-Salk vaccine period.

The nation showed 2,223 cases for the 35 weeks ended Aug. 30. This compares with 3,879 cases for the same period last year and 13,711 for the average period of the years 1953-57.

But 40 per cent of the cases fell on four states. Texas had 297, Michigan had 292, Florida had 160 and California had 146 for 35-week totals.

And later figures from the National Foundation's Wayne (Detroit) County chapter showed the case load had jumped a 356—more than the whole state of Michigan reported 11 days before.

Other high states according to U.S. Public Health Service totals were: New York 111, New Jersey 110 and Ohio 94.

There have been several outbreaks of polio across the nation. Another city reporting a sizable number was Miami, Fla. National Foundation spokesmen said there were a reported 66 cases in Dade County.

The reason polio still afflicts so many in the nation is because so many people have failed to get their Salk vaccine shots, the National Foundation says.

FBI Finally Finds Ohio Escapee

ROCKMART, Ga. (AP)—A man wanted for unlawful flight to avoid prosecution for armed robbery in Ohio was arrested by FBI agents Wednesday nearly three years after he fled the Middle West.

N. R. Johnson of the FBI identified him as Ray Bambrel, 41, of Hamilton, Ohio.

In Cincinnati, Ohio, Special Agent Ed D. Mason said Gambrel had been identified as one of two men who robbed a Dayton couple of \$900 in cash and \$5,350 in U. S. Savings Bonds in 1951.

got a permit to rebuild a \$200 porch.

Jess Gilmore, a subdivision developer, was issued six permits during July that were recorded in August. All were for residences to be constructed on Carolyn Rd. at costs of \$17,000; \$14,000; \$16,000; \$14,000 and \$12,000. Gilmore also was issued a \$33,000 permit to build a residence on Clearview Rd.

IT'S SO EASY TO PLACE A WANT AD.

THIS IS NO NIGHTMARE -- William Holden, a World War II flier, is awakened from a nightmare with a kiss by Sophia Loren in this scene from "The Key" which opens a three-day run Sunday at the Fayette Theater. Another drama of the air, "High Flight," makes up the other half of the double bill. Ray Milland stars.

Miami University's New Buildings Set

OXFORD, Ohio (AP) — There will be approximately two million dollars worth of new buildings and facilities available for Miami University students when they start classes on Sept. 17.

Ready for use will be the \$944,287 Hiestand Hall for the School of Fine Arts; the 108-apartment Miami Manor for married stud-

ents, and improvements to the football stadium costing \$141,060.

The stadium improvements include a new press box, 2,000 additional seats and new rest rooms in the west stands.

Approximately four million dollars worth of new construction still is under way.

Bob Friend Passes Another Hard Milestone to Success

By THE ASSOCIATED PRESS
The milestones of success have come hard for Bob Friend. But now he's passed another, finally becoming a 20-game winner with the Pittsburgh Pirates.

In 1955, the big right-hander from Indiana led the National League with a 2.84 earned run average. That came hard. No other major league pitcher ever has won an ERA title with a last place club.

In 1956, Friend made the All-Star team for the first time. He started, and won. That came hard. Twenty-four hours earlier there was doubt that he'd even make the game, because of a sore throat.

Wednesday night, he became the first to win 20 in the NL this year.

Friend, 27, had to go 10 innings to get it, beating San Francisco 6-4 on Dick Stuart's two-out, two-run homer. The Giants tagged him for a dozen hits and three walks. But Friend, with his mates getting only three hits over the last eight innings, left 11 on base and blanked the Giants on four singles over the last five frames.

Friend hadn't won more than 17 in one season before with the Pirates—but they had finished last or next to last throughout that seven-year span.

The Bucs, who haven't been this place since 1944, now hold second place by 5½ games over the Giants with the three-game sweep. But the Milwaukee Braves, 6½ games ahead, kept rolling toward a second straight pennant.

by beating Cincinnati 3-0 on Juan Pizarro's three-hitter.

St. Louis tied Cincinnati for fourth, beating the Chicago Cubs 3-1. Philadelphia knocked off Los Angeles 8-6.

Friend had a 4-1 lead after two innings. But it slipped away on Daryl Spencer's two-run homer in the third and Orlando Cepeda's sacrifice fly in the fifth.

Stuart's shot, his 15th, followed a two-out single by Roberto Clemente off loser Marv Grissom (7-5). Ray Monzant, lifted for a hitter in the 10th, had blanked the Bucs on one hit for 7 1/3 innings—an eighth-inning single by Clemente, whose RBI single capped the four-run second.

Pizarro (6-2), a 21-year-old southpaw, gave up only a pair of singles by Pete Whisenant and Johnny Temple's double while gaining his first major league shutout. The Braves beat Bob Purkey (16-10) with a fifth-inning run on Billy Bruton's bunt and a two-out single by Red Schoendienst while reducing their magic number to eight and eliminating the Reds officially.

A pair of errors helped the Cards in a winning, two-run fifth while Wilmer Mizell (10-11) breezed with a four-hitter. The Cubs scored in the eighth on a scoring single by Walt Moryn, who had half their hits. Taylor Phillips (7-9) was the loser.

The Phils, taking their 11-game home season series from the Dodgers for the first time since 1934, scored seven runs, three unearned, in three innings against loser Don Drysdale (11-13). Robin Roberts (15-13) won it with Don Erickson's ninth-inning relief. Carl Furillo and Frank Howard in his major league debut, homered for the Dodgers.

That "Back-the-Indians" drive paid off with a crowd of 50,021 and a touch of irony at Cleveland Wednesday night.

It was the Tribe's largest night game draw since 1954, the last year they won the American League pennant. But the Indians came through with the same sort of play that has kept the folks away ever since, losing 8-3 to the New York Yankees. Two of their runs were unearned, and the third was hustled home on three walks and a hit batsman.

The Chicago White Sox, with nothing else to shoot for, padded their second place edge over Boston to 2½ games by beating the Red Sox 7-2. Washington knocked off Detroit 5-4 and Kansas City defeated Baltimore 4-2.

Collegians Face Seasoned Amateurs

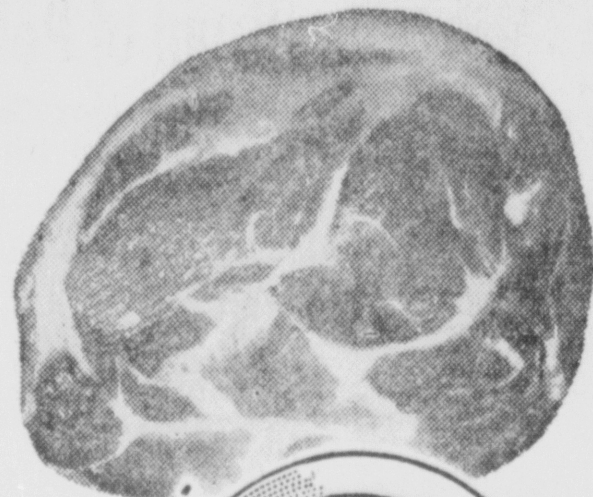

SAN FRANCISCO (AP)—Three golfing collegians confidently faced tough, experienced former champions Harvie Ward, Charlie Coe and Dick Chapman in the fifth round of the U.S. Amateur Tournament today.

"Sure, I think I can beat Ward," declared 20-year-old Ward Wettlaufer, a senior at Hamilton College in New York. "I'll surprise the golfing world. My game is at its peak."

Ward, who won in 1955 and 1956, commented: "At this stage, every match is tough. The title is at stake on every shot."

Tom Morgan of Fresno (Calif.) State College met Coe, and South-eastern Conference titlist Tom Aaron of Florida teed off against Chapman, who won way back in 1940.

"Our Auction Gets Action"

Big League Ball Seems Remote For Montreal

Lack of Stadium And Rich Backers Chief Obstacles

MONTREAL (AP) — There doesn't seem a ghost of a chance of Montreal, Canada's metropolis, getting into big league baseball until somebody does something about a stadium.

There has also been no indication of any well-heeled individual or group talking in terms of franchise purchase.

In the past four years, the City Council has kicked around a proposal for a 10-million-dollar sports center. Currently it is dormant.

The present home of the Montreal Royals of the triple A international League has a seating capacity of 20,000. There are no parking facilities.

Montreal is a sports-minded city. The Montreal Canadiens drew close to 14,000 at each of the 35 home hockey games last season. The Alouettes in pro football draw a capacity 21,000 or so at each of seven home games—plus playoffs if any.

Two modern harness-racing plants operate 100 days—or nights—each, from spring to late fall. One meeting, just closed, drew nearly 550,000.

The city has done nothing itself toward a big league berth other than discuss the sports center, which reached the blueprint stage.

Tentative plans called for a stadium of anywhere from 40,000 to 80,000 capacity, suitable for baseball, football and such spectacles as Olympic Games. There were also provisions for virtually every sport and parking space for 10,000 cars.

Opposition arose in City Council when there was a proposal that the sports center be rented to a committee or group of business men for \$500,000 a year. Opponents felt the place would become more of a shopping center and a stadium only secondarily.

Over the last few years the Royals' season attendance has averaged around 225,000. The high was 477,000 in 1948.

Montreal proper has a population of more than one million.

Baseball men figure a potential drawing area for big league ball here as 2½ million persons at least. Upper New York and Vermont would contribute.

Tough Pins Await Denver Open Pros

DENVER (AP) — The PGA's leading money winner so far this year, Arnold Palmer from Latrobe, Pa., says a score of 271 to 273 should be enough to pick up the \$2,000 first prize in the \$20,000 Denver Open Centennial tournament beginning today.

The 72-hole medal play event will wind up Sunday.

"The greens are excellent, but the pins are in tough spots," Palmer said after a practice round in 70 strokes. He is this year's Masters Tournament champion and has collected \$39,827 since the first of the year.

The first major PGA tournament in Denver in 10 years has galleries about evenly divided between Palmer and Dow Finsterwald, National PGA champion from Tequesta, Fla., for the choice of favorite.

Art Pupil Crawford Is Put on Canvas

CHICAGO (AP) — Art student Mickey Crawford, fourth ranking welterweight contender, got himself put on canvas Wednesday night — but it wasn't a self portrait.

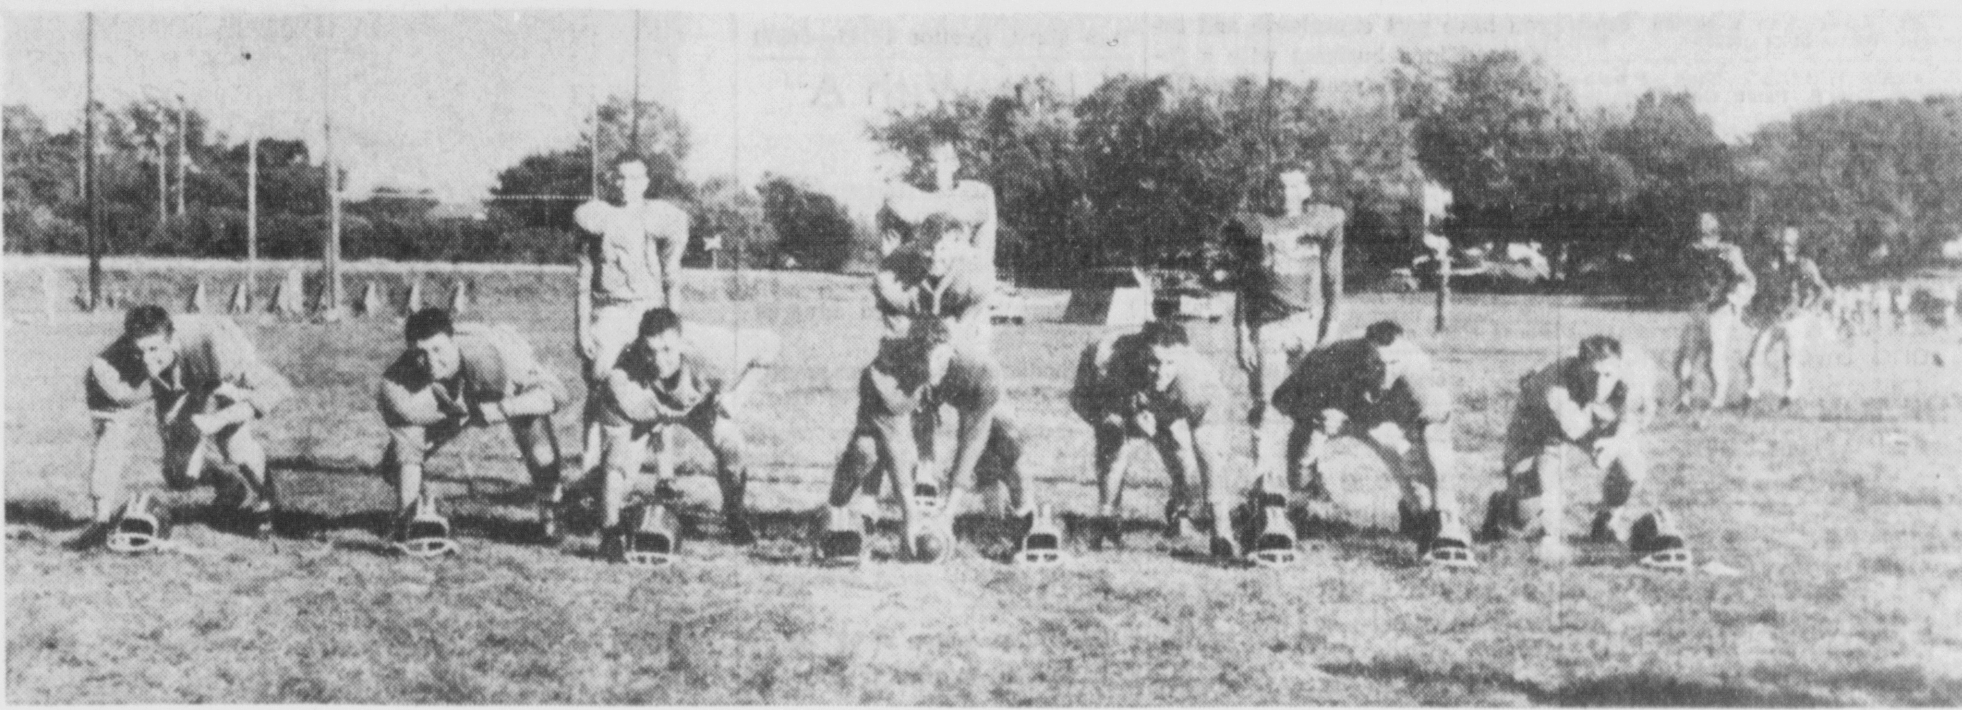

Tiger Jones, that old villain of television fights who has spoiled many a youngster's hopes, docked Crawford twice with rights and the fight was stopped in 1:04 of the 10th round.

Crawford, 24, was six pounds overweight at 154. Apparently this excess baggage made him sluggish. Jones pumped shots at him nearly at will, chasing him around the ring in every round in what undoubtedly was the most road work the 30-year-old veteran has had for some time.

As a mark of respect, Bedouin boys of Arabia will not eat in the presence of their own fathers.

Birds have supplementary air sacs in their bones.

WHS Lions Ready for Opener Friday at Logan

RARIN' TO GO.—Here are the WHS Lions who probably will start in the first game of the season Friday night at Logan. They are (left to right on the line) Jack Wilson, Jack Crabtree, Jack Hamilton, Jim Meyers, Bob Huff, Ron Carter

and Gary Stoddard. At the quarterback is Buddy Lynch. The other three backs are Jerry Sheppard, Gil Crouse and Ronnie Shackelford. A lot of others will see action, however, before the game is over.

The Washington C. H. High School coaching staff decided to clamp down on fumbles after they proved so disastrous in the four-team preview last Friday night.

Any Lion who fumbles in a game will be sitting on the bench when the next play is run — so said Head Coach Fred Domenico as he disclosed that the new anti-fumble policy will be put into practice when the Lions meet the Chieftains in Logan in the first game of the season Friday night.

"A fumble can't be treated lightly," Domenico said. "It gives the opposition an easy touchdown in

addition to demoralizing the team."

The coaches' policy calls for any player making a fumble to be pulled from the game before the next play. This doesn't imply that the players will be sent to the showers, but he will spend the next few plays on the bench to think.

The quarterbacks called their own plays in a 35-minute scrimmage against the second team using a Logan defense Wednesday. The pass defense showed evidence of a week's hard work, Domenico said.

THE CHIEFTAIN quarterback Mike Brown is a good passer and

has two glue-fingered ends, Ed Dalton and Carl Gaffin, and a right halfback, Duane Swartz, who can

Third in Row Won by Tigers

Bloomington Loses Season's First Game

BLOOMINGBURG — Jeffers onville's Tigers racked up their third win in a row of the autumn baseball season here Thursday after school when they trounced the BHS Bulldogs 7 to 1.

It was the first game of the season for the Bulldogs, five of whom were playing varsity baseball for the first time.

Errors by the Bulldogs, suffering with first game jitters, were responsible for at least two of the Tiger scores and opened the gate to a couple more.

But, it was the pitching of Jeffersonville's Jim Cook that turned the tide in favor of the Tigers. The lone run by the Tigers in the fourth inning was the first scored off his pitching in 17 innings. Previously he had held Port William and Bowersville scoreless while he was on the mound.

COACH Everett Rudolph of the Bulldogs was lavish in his praise of the Tiger hurler. He said "he has good control and knows how to mix 'em up. He would throw some slow curves and zip that fast high one right by the batters." He fanned 10 Bulldogs and gave up only four bases on balls.

George Greer, the Tiger coach, endorsed everything Rudolph said about Cook and added a few complimentary comments of his own for the senior veteran. He commented significantly that "he's a very good student, too."

Snyder, on the hill for the Bulldogs, turned in a better-than-average performance for a first game of the season. He struck out six Tigers and walked only two. Although he was nicked for 11 hits, two of them doubles by Smith and Minney, he did a good job of keeping them scattered and with tighter fielding the score would have been less.

The Tigers will play at Good Hope Friday and the Bulldogs will go to Jeffersonville for a return game next Tuesday.

Coaches and school officials of the Miami Trace district have decided to forego a fall baseball tournament and concentrate on the diamond sport next spring.

President August A. Busch, have repeatedly said no decision about a manager will be made until the season is over. But only Wednesday in New York, Dick Meyer said, "Frankly things don't look too good for Hutchinson right now."

Dark, Tebbetts Eyed by Cardinals

ST. LOUIS (AP) — Alvin Dark and Birdie Tebbetts seem to be the most likely candidates to replace Fred Hutchinson, under fire as manager of the St. Louis Cardinals.

Reports that Hutchinson, along with all the Cardinals coaches, would be fired continued to mount despite denials.

Cardinal executives, including

give any defensive secondary a rough battle.

Aaron Foster has been doing a good job at defensive right end for the Lions, Domenico said the tackles, Jack Crabtree and Ron Carter have been running hard from their positions. Left Halfback Gil Thomas is back in harness after having been sidelined for a week with a back injury.

The easiest way to follow the Lions to Logan Friday night is to take Route 22 to Lancaster then turn right in Lancaster and take Route 33 to Logan. After arriving

in Logan at the courthouse corner turn left on Market St. and follow Market St. to the Hilltop Stadium.

Greenfield is playing a rather Southeastern Ohio League power Friday night in Jackson. Logan is in the same conference and rated one of top contenders. Hillsboro travels to West Carrollton, north of Dayton for the season opener.

Wilmington will open at home with Franklin High School A third SEO squad will oppose a South Central League team when the Bulldogs of Athens help Circleville open. The sixth league team, Franklin Heights, plays Grove City.

Del Miller Sets His Sights On Second Win in Brown Jug

DELAWARE — Del Miller, ace harness reinsman, has his eyes focused on a second driving victory in the forthcoming \$70,000 Little Brown Jug. The Delaware Grand Circuit 3-year-old racing feature is slated for Thursday afternoon, Sept. 18.

Miller will be shooting the works in this year's battle with Thorpe Hanover (1:59.3), winter book choice for the Jug who was slower than some of his rivals in rounding into form. There's another Jug hopeful in the Miller barn, O'Brien Hanover (2:00). Driving assignment on this speedster is slated to go to Jimmy Jordan, the reinsman who steered him to several

early season victories in which he amassed earnings in excess of \$100,000.

Dudley Hanover carried Miller to victory in the 1950 Jug. Since then three Jug winners have had the Miller label but he was not in the sulky.

The 1951 edition was won in world's record time of 2:00 by Tar Heel, a Miller trained but Del Cameron driven sidewheeler. Tar Heel, incidentally, is the sire of both Thorpe Hanover and O'Brien Hanover. The following year Meadow Rice won his way into the winner's circle. He, too, was Miller trained but in the sulky that day was Wayne (Curley) Smart. And in 1953 Keystone, a colt developed as a 2-year-old by Del, was victorious.

Four drivers each have won two Jugs. They are Smart with Ensign Hanover and Meadow Rice; Del Cameron with Forbes Chief and Tar Heel; Frank Ervin with Good Time and Keystone, and Jimmy Simpson with Noble Adios and Torpid.

Several Grand Circuit reinsmen have picked Miller's Thorpe Hanover as the one to upset currently favored Bye Bye Byrd's apple cart. They contend that Del Miller will have his Tar Heel youngster at top pitch for the 13th racing of the rich Jug while Bye Bye Byrd may have reached his peak three weeks earlier when he won in 1:57.4, world record time.

Bob Friend's Wife Cries Happily as Her Man Wins

PITTSBURGH (AP) — Bob Friend's wife, Pat, cried Wednesday night. But her tears were tears of happiness.

She shared the joy of her husband who became the first Pittsburgh Pirate pitcher since 1951 to win 20 games in one season and the first National League pitcher to accomplish the feat this year.

The right-hander, who broke into the majors in 1951 with the Pirates and whose best previous year was 1956 when he won 17, beat the San Francisco Giants 6-4 in 10 innings after a shaky start. "It was the greatest thrill of my career, a milestone in my life," Friend said in the dressing room.

Friend allowed the Giants 12 hits, half of them coming in the first three innings. One of the hits was a two-run homer by Daryl Spencer in the third inning.

SPORTS

The Record-Herald, Thursday, Sept. 11, 1958 17
Washington C. H. Ohio

Inter-City Golf Match Won by WCH Women

A team of Washington C. H. women-turned back 10 invaders from Wilmington's Snow Hill Club, 21½ to 8½, in an inter-city golf match at the Country Club here Wednesday.

Mrs. Willard McLean paced the Washington C. H. team with an 18-hole score of 101. Close behind, however, was Miss Connie McNeil of Wilmington with 102.

Six of the Washington C. H. team won their matches on the 3 point scoring system; only two were blanked by their Wilmington opponents.

Results of the matches (total score and points made) were:

Mrs. Willard McLean 101-3 vs. Mary Haidel 114-0.

Mrs. Wayne Shobe 108-0 vs. Connie McNeil 102-3.

Mrs. William Weal 117-3 vs. Rita Marsh 129-0.

Mrs. Dwight Coffman 127-½ vs. Alice McNeil 124-2½.

Mrs. Max Lawrence 124-0 vs. Mrs. John Petty 105-3.

Mrs. Charles Griffiths 122-2½ vs. Dorothy Clifton 123-½.

Mrs. Byers Shaw 123-3 vs. Mary Kemper 129-0.

Mrs. James Martin 108-3 vs. Mary Hardebeck 117-0.

Mrs. William Junk 107-3 vs. Jennie Ireland 114-0.

Mrs. Ralph Bray 119-½ vs. Barbara Vance 2½.

Several of the Washington C. H. girls, who had no opponents for the match, played 18 holes and shared in the prize awards. Net scores made by these were: Mrs. Carl Mason 81, Mrs. Neil Helfrich 82, Mrs. Roger Littleton 95, Mrs. Ray French 103 and Mrs. Jess Carter 93.

PRIZES for actual scores went to Mrs. McLean with 101; Miss

McNeil with 102 and Mrs. Junk with 107.

Prizes for the net scores (actual minus handicap) went to Mrs. Petty with 73; Mrs. Betty Lin 76 and Mrs. Wead with 81.

Putting honors went to Mrs. Martin with 29 on 18 holes and Mrs. Shobe and Mrs. Vance, who took 31 apiece.

Mrs. Griffiths turned in the most 6s, Mrs. Clifton the most 7s and Mrs. Roger Littleton the most 8s. Mrs. Neil Helfrich drew the spotlight for shooting the most 3s.

The blind bogey was won by Rita Marsh.

Most improved golfers (second nine holes over the first nine) were Mrs. Paul Cummings of Washington C. H. and Alice McNeil of Wilmington.

Mrs. George Smith was hostess for the luncheon which followed the morning of golf. Mrs. George Kratz decorated the luncheon tables with flowers.

Buckeye Passing Attack Praised

COLUMBUS, Ohio (AP) — The Ohio State passing attack drew praise Wednesday from Coach Woody Hayes. But the Buckeyes' defenses were called "mediocre."

Hayes, who has said the Bucks will take to the air more this year, saw quarterbacks Frank Kremblas of Akron and Jerry Fields of Coal Grove hurl five touchdown passes during the long scrimmage.

Fields, the No. 2 quarterback, put on a near perfect passing exhibition completing his first five passes. Tom Morgan of Hamilton hauled in three of the tosses—two good for touchdowns, Rusty Bowmaster, another Hamilton end, grabbed another Hamilton pass to score.

Radio signals flash through space at a speed of 186,000 miles a second.

About seven million dollars are spent each year for sunburn remedies in the United States.

DAILY CRYPTOQUOTE — Here's how to work it:

AXYDLBAAXR
is LONGFELLOW

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

IG, GIB CYLP WISCJLWT MKJ KL
WGJ TCYMM NKSNNJ IA Y BJZ-
ZKLR-SKLR-NKUUSJ.

Yesterday's Cryptoquote: RETIRED TO THEIR TEA AND SCANDAL, ACCORDING TO THEIR ANCIENT CUSTOM—CONGREVE.

Ten Here To Go To 4-H Congress

Eight Club Members And Two Advisors

Eight older Fayette County 4-H club members and two 4-H club advisors will attend the 41st Annual 4-H Club Congress on the campus of Ohio State University Sept. 13-17.

According to County Extension Agent Phil Grover, Pat Sears, Janet Knedler, Mary Jo Minton, Rosalyn Marting, Melanie McCullough, Larry Carman, Larry O'Connell and Phil Crago have been selected to attend. Advisors are Mrs. Richard Hughes and Mrs. John U. Cannon. Delegates are selected for their all around achievements in 4-H Club work.

"Living in an Exploratory Age" is the theme of the three and a half day conference. The programs are designed to give a variety of experience aimed at personal and social growth.

The Congress is generally recognized as the outstanding activity of the Ohio 4-H Club Program. Nearly 800 delegates will be attending from all over the state. They will represent 80,000 club members.

The program will include discussions, forums, speakers, tours, recreation, new friends and fellowship.

One of the outstanding events in the program will be Monday afternoon when the delegates will go down town to the state capital and hold a mock legislative session. The bill for consideration is for "all secondary schools in Ohio to require a minimum of three years of science and three years of mathematics for all students, the content of the courses offered to be determined by the State Department of Education."

Marilyn Heistand, Route 5, former 4-H club member, will be one of the 20 college students chosen to assist in the conference. She will serve as chairman for one of the sessions and also will be a discussion group leader.

The conference will be concluded following breakfast Wednesday.

Better Social Workers Needed

CLEVELAND (AP)—More and better social workers and a lessening of the conflicts in the state, federal and local laws under which they work are needed in the opinion of the nation's director of health, education and welfare.

Dr. Arthur S. Flemming, former president of Ohio Wesleyan University, told the Ohio Welfare Conference Wednesday night that social work was a road to peace. It is foolish, he said, to regard mutual assistance cynically as a give-away program.

"If our nation is to find or save its life, it must be willing to lose it in dedicated and intelligent service on behalf of other peoples," he said.

Ternstedt Strike Continues Active

COLUMBUS, Ohio (AP)—The strike of 4,500 workers at the General Motors' Ternstedt plant here went into its second day today.

Officials of the United Automobile Workers Union said the strike was caused by a dispute over production demands, and time and work studies. Plant officials, however, said the strike was another of "UAW's hit-and-run tactics designed to hinder production of new models."

UAW workers also walked out of the plant July 10, but the 11-member executive board of Local 999 declined to sanction the strike and persuaded pickets to withdraw.

Fayette Memorial Hospital News

ADMISSIONS:
Mrs. Sherman W. Althouse, Route 2, medical.

Kenneth B. Towler, son of Mr. and Mrs. Edwin Towler, Route 3, Mt. Sterling, medical.

Maynard A. Wilson, 428 E. Court St., surgical.

George W. Conway, Good Hope, surgical.

Mrs. Albert Vannorsdall, Route 1, Jeffersonville, surgical.

Michael W. Schaefer, son of Mr. and Mrs. William B. Schaefer, 733 John St., surgical.

Mrs. Charles Cassidy, Reesville, medical.

DISMISSALS:
Mrs. Wendell McConaughy and daughter, Connie Sue, 622 S. North St.

Floyd G. Irons, Route 6, medical.

Mrs. Eli H. Irons, Greenfield, surgical.

Mrs. Nola Spradlin, Mt. Sterling, medical.

Mrs. Myrtle Coventry, Route 3, medical.

Blessed Events

Mr. and Mrs. Bob Zurfue, Route 1, Jamestown, are the parents of a 7-pound, 3-ounce son, born in Memorial Hospital at 2:31 p. m. Wednesday.

Mr. and Mrs. Vora Hiser, Route 1, Mt. Sterling, announce the birth of a 7-pound, 4-ounce son, in Memorial Hospital at 9:25 p. m. Wednesday.

Radiation To Vulcanize Future Tires

CHICAGO (AP)—In 10 years, you may be riding on rubber tires vulcanized by atomic radiation, a researcher for B. F. Goodrich Co. said today.

But it probably won't be sooner than that," Dale J. Harmon added. During the next decade, he said, the atomic process won't be able to compete economically with the conventional method.

Harmon, who is on the staff of the B. F. Goodrich Research Co., Brecksville, Ohio, outlined the atomic process before the division of rubber chemistry of the American Chemical Society, meeting in Chicago.

He said radiation will provide a high-speed, continuous-flow method for curing sticky raw rubber into such products as tires, heels, cushions and gaskets. The conventional method involves curing pits, molds and curing ovens, he said.

Using atomic radiation, producers could cure extruded goods—such as tubing—without heat and would be able to cure thick goods uniformly throughout, Harmon said.

Frankfort Man Cited After Good Hope Crash

Leo Alfred Downs, 23, Frankfort, was cited for reckless operation after his car ran into a parked truck owned by Herbert Hoppes, Greenfield, in Good Hope 8:40 p. m. Wednesday, according to the sheriff's office.

Both vehicles were heavily damaged in the accident at Route 753 and Austin Rd. Downs was cited to appear in Municipal Court Monday.

Confucius is buried outside the city of Kih-fow, China.

Quakers in Community To Meet Here Sunday

A meeting of members of the Friends Church here Sunday could lead eventually to the establishment of a new church in Washington C. H.

While this is not considered the primary purpose of the meeting which will be held at 1 p. m. in the Washington Lumber Co. office, 319 Broadway, several of those who are arranging it said a Friends Church here some time in the future is a possibility.

Several officials of the church in this area will speak at the meeting, which will follow a basket dinner. Among them will be Robert Rummey of Wilmington, executive secretary of the Wilmington yearly meeting; Vincent Fairley of Leesburg, yearly meeting clerk;

Corn Harvest Slated To Be Near Record

WASHINGTON (AP)—The Agriculture Department, in a pre-harvest season report, has estimated this year's corn crop at 3,588,776,000 bushels. It also put wheat at 1,446,464,000 bushels.

The corn estimate is 101,617,000 bushels more than last month's forecast of 3,487,159,000 bushels, or the second largest of record. Production for the 10-year (1947-56) average was 3,144,304,000. It was 3,402,832,000 last year.

The wheat figure is 25,738,000 bushels more than the August estimate of 1,420,725,000, the largest of record. The previous record was 1,358,911,000 in 1947.

By comparison wheat production was 947,102,000 bushels last year and 1,116,216,000 for the 10-year average.

The wheat estimate included 1,170,768,000 bushels of winter wheat, the same figure given a month ago. Winter wheat production was 707,201,000 last year and 849,604,000 for the 10-year average.

Spring wheat production was estimated at 275,696,000 bushels compared with 249,957,000 last month, 239,901,000 produced last year and 266,611,000 for the 10-year average.

Vandiver in Line As Georgia's Chief

ATLANTA (AP)—Lt. Gov. Ernest Vandiver won a landslide victory Wednesday in his nomination for governor in Georgia's Democratic primary.

Vandiver, a 40-year-old farmer from Lavonia, overwhelmingly defeated his two opponents in the popular vote.

Nomination in the Democratic primary is equivalent to election. Vandiver declared himself an adamant segregationist and vowed he would never allow the races to mix in Georgia.

Gov. Marvin Griffin was ineligible to run again under a law limiting the executive to one four-year term. Vandiver takes office in January.

Driver Nabbed for DWI

Raymond Barnhart, 21, South Solon, was arrested 2:25 a. m. Thursday on W. Elm St. and charged with driving while intoxicated according to police.

A former Greenfield resident, Barnhart will appear in court Friday.

JUDGMENT GRANTED

Fayette County Memorial Hospital has been awarded a default judgement for \$87.45 against Homer Evans, 1094 Delaware St. in Municipal Court.

Mainly About People

Mr. and Mrs. Gilbert Cockerill, 132 W. Temple St., entertained Cockerill's two brothers, O. P. Cockerill of Los Angeles and M. L. Cockerill of near Winchester, Ind., for dinner Wednesday evening before they return to their homes after visiting with other relative and friends here.

Mr. and Mrs. Robert S. Harper, Leesburg Rd., had as weekend guests, Mr. and Mrs. C. Gibson Schaefer of Glen Rock, N. J. Schaefer is editor of The McGraw Hill Publishing Co. of New York.

S. A. Ringer, Leesburg, has been released from University Hospital, Columbus, where he had been a patient for two weeks. He was accompanied home by his cousin, Delvin Allison, paymaster at the Timken Roller Bearing Co., Columbus.

Mr. and Mrs. Haskell Thompson, 332 Eastern Ave., had as recent guests, Miss Joan Harrison of Cincinnati, Dale Lancaster, South Whitley, Ind., and Robert Thompson, Findlay. They came especially to attend the wedding Sunday of Miss Ann Elizabeth Briggs and Mr. Harold Thompson.

Mr. and Mrs. Russ Whited and son, Rusty, have returned from a vacation trip through Michigan and Canada.

Mr. and Mrs. Wendell McConaughy, 622 S. North St., have chosen the name Connie Sue for their daughter born in Memorial Hospital Friday.

Lt. and Mrs. Paul F. Sautter (Shirley Riegel) and children, Mike and Sherrie, of Marquette, Mich., were recent overnight guests of Mrs. Sautter's parents, Mr. and Mrs. O. M. Reigel, Greenfield Rd., en route to Montgomery, Ala. Lt. Sautter, who pilots a Convair F-102 Delta Wing Interceptor based at Sawyer Field, Marquette, Mich., is scheduled for three months training in administrative duties at Maxwell Field, Montgomery, Ala.

Boosters Club To Buy Field Telephone

Members of the Boosters Club voted to buy a used army surplus field telephone for the WHS coaching staff, when they met in the Gardner Park Field House Wednesday night.

Howard Miller, the president, said the telephone will be ready for use Friday night when the Lions open their season against the Chieftains at Logan.

Miller explained that the phone will be used for away games so that the coaches can converse with each other while play is in progress. One of the coaches acts as a spotter in the press box. Coach Fred Domenico told the Boosters the phone is badly needed.

Other routine business was also taken care of at the meeting. It was announced that the club now has around 250 members.

All three WHS coaches, Domenico, Marvin Merritt and Gene Millard, were there to lead discussions on the Lions.

Coach Domenico talked about last Friday's preview game and explained to the members just what went on.

All of the coaches gave their impressions of the practices held this week by the Lions and then discussed the outlook for the game at Logan Friday night.

Two Are Treated After Accidents

One person was admitted and another given emergency treatment and released at Memorial Hospital Wednesday.

Admitted was Michael W. Shaffer, 733 John St., who fell from a trailer and injured his left arm. He was reported in "good" condition Thursday morning.

Ralph Nickell, 112 Light St., Dayton, was treated after he was hit on his forehead by a pulley. He suffered lacerations.

WCH Men Held to Grand Jury For Holdup Near Williamsport

Both Washington C. H. men arrested in connection with a holdup near Williamsport last Friday pleaded innocent when arraigned in Circleville Municipal Court Wednesday.

The bond for Paul Hurles, 31, and Virgil Boggs, 21, was set for \$10,000 each when they were bound over to the Pickaway County grand jury on charges of armed robbery. The affidavit filed by Sheriff Charles Radcliff charged the pair made off with about \$42.

The men were arrested in Washington C. H. Friday night by Fayette County Deputy Sheriff Don Thompson after an accurate description of the getaway car had been given by Mr. and Mrs. William Kadel, owners of the service-station-grocery store. A license plate checked out by Washington C. H. Police Capt. Charles Foster also aided the search.

After taken into custody other burglaries in Chillicothe, Williamsport, New Holland were orally admitted by the two. The third man who actually wielded the gun in the holdup at Williamsport is still being sought by authorities.

Hurles last address in Washington C. H. was Mack's Trailer Court, Dayton Ave. Boggs listed his address as Elm St.

Both had served time in the Fayette County jail this summer.

School Bus Upsets

IRONTON, (AP)—Four children, aboard a Rock Hill school bus were injured slightly Wednesday when the bus overturned. The bus driver, Taylor Jenkins, 26, said an unidentified truck crowded him off the road.
